

Application Guidelines for AY 2025

Integrated Graduate School of Medicine,
Engineering, and Agricultural Sciences

MASTER'S COURSE

Life and Environmental Sciences

UNIVERSITY OF YAMANASHI
Regional Core & Global Professionals

If the selection process must be conducted in ways that differ from the contents of these application guidelines due to unforeseen events (such as a natural disaster), the latest information will be published on the University's website (https://www.yamanashi.ac.jp/examination_list). Please be sure to check this page periodically for updates.

《Admission Policy》

◇Philosophy, Objectives, Educational Goals and Admission Policies at the University of Yamanashi Graduate School

[Philosophy and Objectives]

We provide educational and research opportunities designed to educate and train exceptional researchers and professionals with highly specialized knowledge and skills capable of creatively advancing academic research from an international perspective, which can be used to find solutions to problems faced by modern society and that also serves as the basis for such applied studies.

[Educational Goals]

Under the concept of “Regional Core & Global Professionals,” the University of Yamanashi Graduate School provides students with a broad education and general competencies, as well as knowledge and skills in specialized fields to shape them as professionals with a rich sense of humanity and expertise that can succeed on the international stage.

The university has set out a “Diploma Policy,” “Curriculum Policy,” and “Admission Policy,” in order to enable the development of such professionals.

[Admission Policies]

The University of Yamanashi Graduate School actively seeks motivated individuals with the following abilities:

- Individuals who are intellectually curious and want to conduct their own research
- Individuals who want to acquire an even broader education and general competences, and acquire advanced specialized knowledge and practical skills.
- Individuals who possess logical intellect, a rich sense of humanity, and want to succeed as leaders in local and international society.
- Individuals who want to increase and deepen their knowledge and skills in their own professional experiences.

Admission Policies for Master's Courses in the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences

[Educational Goals]

We aim to foster those who, as professional engineers and researchers, will contribute to society using their expertise, development capability, ability to identify and solve problems, and international communication skills.

[Required Competencies and Personal Qualities]

We seek individuals with basic academic skills in their field of specialization, who are motivated to seek further knowledge and pursue advanced research and applications, and who have a desire to give back to society.

Life and Environmental Sciences

[Educational Goals]

We aim to develop highly trained professionals with extensive expertise in “food and health” and “life and the environment” by providing opportunities for them to acquire a broad range of knowledge through an agricultural science-based education that integrates the humanities and sciences, as well as specialized courses, such as the “Bioscience Course,” “Food, Enology and Viticulture Course,” and “Local Environmental Management Course.”

[Required Competencies and Personal Qualities]

To achieve these educational objectives, we seek the following types of individuals.

- Applicants should be able to understand the issues of “food and health” and “life and the environment,” the most universal and critical issues for human beings, in their relation to social, economic and governmental systems.
- Applicants should possess the basic knowledge to understand and analyze using the knowledge of natural science and to find solutions through technological innovation and policies.
- Applicants should have an interest in a wide range of academic fields, such as life science, food production and processing, environment and energy, local economies, corporate management and administration, as well as basic academic skills in any of these areas.

Bioscience Course

[Educational Goals]

We aim to develop highly trained professionals capable of playing an active role in bio-industries related to food, pharmaceuticals, medicine and the environment by providing opportunities for them to acquire knowledge by exploring the biological functions of microorganisms, enzymes and cells in the life sciences, and bioengineering technologies to apply these functions to industry.

[Required Competencies and Personal Qualities]

To achieve these educational objectives, we seek the following types of individuals.

- Applicants should have basic academic skills and English proficiency equal to that of person who have completed specialized education in bioscience-related subjects for specialized fields of study in which the applicant has been examined in an entrance examination on biochemistry, organic chemistry, applied microbiology and developmental engineering, in order to understand the life activities in microbial cells, animal cells and individual animal life.
- Applicants should have an inquiring mind and the ability to think logically based on scientific knowledge.

[Basic Selection Policy for Applicants by Category]

In order to evaluate applicants to determine if they possess the capabilities specified in “Required Competencies and Personal Qualities” above, the selection process will be carried out as follows.

- General selection
Successful applicants will be identified on the basis of the results of a written examination (specialized subjects and foreign language), an oral examination, and a screening of their application documents.
- Special Selection of Preferred Applicants
This selection process is open to students who actively undertake academic studies and research in their specialized field and beyond, with the aim of providing a distinctive educational and research opportunities. Successful applicants will be identified on the basis of the results of an oral examination and a screening of their application documents.

Food, Enology and Viticulture Course

[Educational Goals]

We aim to develop highly trained professionals capable of performing science-based inquiries on production methods for value-added, sustainable food using wine as a model, and who can look at the food industry from multiple perspectives, from the production of raw materials, processing and sales, to safety and management.

[Required Competencies and Personal Qualities]

To achieve these educational objectives, we seek the following types of individuals.

- Applicants should have an academic ability equal to that of person with bachelor’s degree, which will act as the basis for understanding the content of education and research on the course.
- Applicants should have acquired basic knowledge on agricultural and food sciences
- Applicants should have the flexibility to possess a multidimensional, extensive view of various issues related to food production, including wine production, and the enthusiasm and ability to execute actions to solve problems.
- Applicants should be motivated to understand the philosophy of the course and make full use of what is learned on the course in the field of food production.

[Basic Selection Policy for Applicants by Category]

- General selection
Successful applicants will be identified on the basis of the results of an oral examination and a screening of their application documents.

Local Environmental Management Course

[Educational Goals]

We aim to develop highly trained professionals capable of contributing to policy and planning in order to solve complex and diverse issues related to “food and health” and “life and the environment” and achieve sustainable development in local areas through an integrated approach to the humanities and sciences in the natural and social sciences.

[Required Competencies and Personal Qualities]

To achieve these educational objectives, we seek the following types of individuals.

- Applicants should have the ability to understand the diverse and interconnected issues in the fields of the environment, food, information, and community.
- Applicants should have the basic academic skills needed to acquire sophisticated expertise and skills to achieve the appropriate utilization of natural resources and sustainable development of the region.
- Applicants should have academic interests in a wide range of areas, such as the environment and energy, local economy, business administration, and basic knowledge in any of these areas.

[Basic Selection Policy for Applicants by Category]

In order to evaluate applicants to determine if they possess the capabilities specified in “Required Competencies and Personal Qualities” above, the selection process will be carried out as follows.

- General selection
Successful applicants will be identified on the basis of the results of an oral examination and a screening of their application documents.

	Admission in October 2025	September 12 (Fri), 2025	

Application Guideline for Special Selection of Preferred Applicants

The development and growth of science technology are significant these days, and there is social demand for the creation of new interdisciplinary research fields transcending the existing academic framework.

From this perspective, in the Graduate School of Life and Environmental Sciences in this Master's Course, we aim to offer distinctive education and research, and, by way of an oral examination and screening of application documents, we make the special selection of those who actively undertake academic study and research in their specialized field and beyond.

1. Capacity

Course	Capacity
Bioscience Course	12

2. Qualification for Applicants

Applicants must meet at least one of the following requirements, have graduated or are expected to graduate from a department or course related to bioscience, have excelled in their university or college, have been recommended by their academic advisor, and must be able to make a commitment to enrolling in the program after being admitted.

- (1) A person who has graduated from a university or college specified in Article 83 of the School Education Act (Law No. 26, 1947) or a person who is expected to graduate by March 2025 (or September 2024 for a person who wants to enroll in October 2024).
- (2) A Person who has a Bachelor's degree according to Paragraph 7, Article 104 of the School Education Act, or a person who is expected to complete a course at a junior or technical college by March 2025 (or September 2024 for a person who wants to enroll in October 2024) and receive a Bachelor's degree according to the Act by March 2025 (or September 2024 for a person who wants to enroll in October 2024).
- (3) A Person who has completed a 16-year curriculum of school education abroad or a person who is expected to complete a 16-year curriculum of school education abroad by March 2025 (or September 2024 for a person who wants to enroll in October 2024).
- (4) A person who has completed a course or is expected to complete a course by March 2025 (or September 2024 for a person who wants to enroll in October 2024) at an educational facility that is positioned in Japan as a school that offers university courses (limited to those whose graduates have been recognized as completing a 16-year curriculum of school education of that country) in the school educational system of that country, and is specifically designated by the Minister of Education, Culture, Sports, Science and Technology.
- (5) A person who has been designated by the Minister of Education, Culture, Sports, Science and Technology (Public Notice of the Ministry of Education No. 5, February 7, 1953) or a person who is expected to graduate by March 2025 (or September 2024 for a person who wants to enroll in October 2024).
- (6) A person who has completed specialized courses (limited to those whose minimum period required for graduation is 4 years and which also satisfies other conditions specified by the Minister of Education, Culture, Sports, Science and Technology) or is expected to complete specialized courses by March 2025 (or September 2024 for a person who wants to enroll in October 2024) specifically designated by the Minister of Education, Culture, Sports, Science and Technology, at a vocational school, on or after the date designated by the Minister of Education, Culture, Sports, Science and Technology.
- (7) A person who has spent 3 years or more at a university, or who has completed a 15-year curriculum of school education abroad, and who has been recognized by our graduate school as having obtained the prescribed credits with excellent results.

[Note 1] A prequalification will be conducted for applicants who apply under item (7) above. Please direct inquiries to the Admission Division, Academic Affairs Support Department by May 20 (Mon), 2024.

[Note 2] A prequalification will be conducted for foreign applicants (overseas students). Please check section 3. Prequalification for Applicants on page 3.

[Preliminary consultations with academic advisors]

When applying, make sure you have a sufficient amount of time to consult with your preferred academic advisor and obtain their consent to supervise your research after enrollment.

Please select an academic advisor from the faculty members listed in the "Academic Advisors and Topics of Research for the Master's Course (Life and Environmental Science) of the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences" on page 33 to 34 of these guidelines.

3. Screening of application requirements for foreign applicants (overseas students)

Foreign applicants (overseas students) who wish to apply for admission must undergo a prequalification prior to applying. Please submit the documents required for the screening during the application period specified below.

Applicants who meet the criteria listed in item (1) of 2. Qualification for Applicants on page 2 of these guidelines (government-financed, government-sponsored, privately-funded students) and Japanese government (MEXT) scholarship students recommended by the university are exempt from this prequalification.

Applicants who fall under the following criteria in (a) or (b) may also be exempt from this prequalification. Please direct inquiries to the Educational Affairs Group, Faculty of Life and Environmental Sciences Support Division before the start of the screening application period specified below (Tel: 055-220-8807, from abroad: +81-55-220-8807).

- (a) Research students from this university (government-financed, government-sponsored, privately-funded students)
- (b) Applicants who have already completed prequalification at the university before the AY 2024 entrance exam for the Master's Course in the Graduate School of Life and Environmental Sciences

(1) Preliminary consultation with academic advisors

Please contact your preferred academic advisor well in advance of applying in order to arrange a preliminary meeting.

Please select an advisor from the faculty members listed in the "Academic Advisors and Topics of Research for the Master's Course (Life and Environmental Science) of the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences" on page 33 to 34 of these guidelines.

(2) Documents to be submitted for prequalification

- **Please submit originals, except for those documents for which a photocopy is acceptable (excluding applicants residing overseas).** If you cannot submit original documents (for example, if the school that you have graduated from issues a certificate of graduation or an academic transcript only once at the time you graduate (completed a course of study) and does not issue them after this time), please contact the Admission Division, Academic Affairs Support Department before the start of the application period.
- **Certificates and other documents in languages other than English should be accompanied by a Japanese or English translation.**
- Application documents cannot be changed or returned once submitted.

No.	Application document	Description
1	Form for the Approval of Application Requirements	Please download the "Form for the Approval of Application Requirements (Form 4*)" from the university's website and fill it out completely.
2	Certificate of Graduation (Expected Graduation)	<ul style="list-style-type: none"> • Please submit a certificate prepared by the president or similar authority from your graduating university, or equivalent. • Applicants seeking admission under the conditions specified in item (2) under 2. Qualification for Applicants on page 2 of these guidelines: <u>Applicants who have been awarded a bachelor's degree</u> should submit the certificate of the degree (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education). <u>Applicants who expect to be awarded a bachelor's degree</u> should submit a certificate stating intent to apply for a degree (issued by the dean of the school where the applicant is currently enrolled), or a certificate stating that the application for a degree has been accepted (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education).
3	Academic Transcript	Please submit a transcript issued by the president or similar authority of your graduating university. Students who are enrolled in or have completed a special course of study at a technical college should submit a transcript from the course of study in their major.
4	Letter of Recommendation	Please download the "Letter of Recommendation (Form 1*)" from the university's website and submit the letter prepared by a faculty member from your graduating university, or equivalent. The letter of recommendation does not need to be sealed.
5	Statement of Purpose	Please download the "Statement of Purpose (Form 2*)" from the university's website and use a computer to complete the statement.
6	Research Project Plan	Please download the "Research Project Plan (Form 3*)" from the university's website and use a computer to complete the plan based on the content specified for each course.

7	Resident Record, other *To be submitted by non-Japanese applicants only	<ul style="list-style-type: none"> • Applicants residing in Japan Please submit the resident record (with the status of residence and period of stay clearly indicated) or a double-sided copy of the residence card issued by the head of the municipality where you reside. • Applicants residing overseas Please submit a copy of your passport (page displaying a photo of your face).
---	---	--

* Forms 1 to 4 can be downloaded from the university's website (<https://www.yamanashi.ac.jp/admission/45>) before the start of the application period.

(3) Application Period

May 20 (Mon) – May 24 (Fri), 2024 4:30 pm (must arrive during the application period)

(4) Submission methods for application documents

(a) Applicants residing in Japan

If sending your application by post, please send it by registered express mail from the post office to ensure that it arrives at the university during the application period.

If you wish to submit your application in person, please bring your documents to the Admission Division, Academic Affairs Support Department **between 9:00 am and 4:30 pm** during the application period (The office is closed between 12:00 (noon) and 1:00 pm on weekdays, and on Saturdays, Sundays and public holidays.)

(b) Applicants residing overseas

Please be sure to send all required documents as electronic files (PDFs) to the Admission Division, Academic Affairs Support Department (email: nyushi@yamanashi.ac.jp) during the application period.

(5) Mailing address / Inquiries:

Admission Division, Academic Affairs Support Department, University of Yamanashi
 4-4-37 Takeda, Kofu, Yamanashi, 400-8510 Japan
 Tel: 055-220-8046 (from abroad: +81-55-220-8046) E-mail: nyushi@yamanashi.ac.jp

(6) Screening results

Applicants will be informed of the results of the qualification screening by e-mail by June 7 (Fri), 2024.

Applicants who are determined to be eligible to apply should complete the application procedures during the application period.

4. Preliminary consultations with applicants who require special accommodations for examinations and academic studies

Eligible applicants : Applicants with medical conditions, injuries, or disabilities who require special accommodations for examinations and academic studies

How to apply : Please contact the Admissions Division, Academic Affairs Support Department, and submit the required documents by May 24 (Fri), 2024

Required documents : Please check the university's website (<https://www.yamanashi.ac.jp/examination/3794>).

5. Application Procedure

(1) Application method

Please access the online application site (<https://syutugan.yamanashi.ac.jp>) and follow the instructions on the screen to register your application information. For details, please refer to the Online Application User Guide on page 32 of these guidelines.

(2) Application period

June 24 (Mon) to July 4 (Thu), 2024, Until 4:30 pm 【Must arrive during the application period】

Applicants must submit their information to apply online, pay the entrance examination fees, and print out, complete, and submit the application documents during the application period. Please note that applications will not be accepted if any one of the procedures is not completed during the application period.

(3) Payment of examination fee

Examination fee: ¥30,000 (Applicants are responsible for any additional fees.)

- Please select a payment method from the following options ((a) to (d)) on the online application site to complete payment.
 - (a) Credit card, (b) Convenience store, (c) ATM of a financial institution (Pay-easy), (d) Internet banking
- **It may take up to two hours for payment to be confirmed if using a method other than a credit card.** (Please note that you will not be able to proceed to the next step to print your application documents until payment is confirmed.)

- **Credit cards are the only acceptable form of payment for applications from overseas.**
- **Once an application has been accepted, any examination fees that have already been paid will not be refunded for any reason.**
- Japanese government (MEXT) scholarship students are not required to pay entrance examination fees. Please contact the Admission Division, Academic Affairs Support Department before the start of the application period. Japanese government (MEXT) scholarship students enrolled at other universities must submit an "Application for Certificate as a MEXT Student" issued by the relevant university in electronic format (PDF) to the Admission Division, Academic Affairs Support Department by e-mail (nyushi@yamanashi.ac.jp).

【Exemption from Examination Fee】

- Eligibility : The University of Yamanashi takes special measures to waive entrance examination fees for persons affected by the following disasters.

The Great East Japan Earthquake, Kumamoto Earthquake in 2016, heavy rains in July 2018, Hokkaido Eastern Iburi Earthquake in 2018, Typhoons No.15 (Faxai) and No.19 (Hagibis) in 2019, and disasters that occurred on or after April 2020

- Required documents : Please check the university's website (<https://www.yamanashi.ac.jp/examination/3787>).
- Application period : Starts one month before the application period opens (Note that applications must be received before the start of the application period.)

(4) Application documents

- The application documents include documents to be prepared by the applicant and documents to be printed from the online application site.
- **Please submit originals, except for those documents for which a photocopy is acceptable (excluding applicants residing overseas).** If you cannot submit original documents (for example, if the school that you have graduated from issues a certificate of graduation or an academic transcript only once at the time you graduate (completed a course of study) and does not issue them after this time), please contact the Admission Division, Academic Affairs Support Department before the start of the application period.
- **Certificates and other documents in languages other than English should be accompanied by a Japanese or English translation.**
- Applicants who have been screened for eligibility do not need to resubmit the same documents presented for that screening.

NO.	Application document	Description
1	Certificate of Graduation (Expected Graduation) *Not required for applicants who have graduated from the University of Yamanashi	<ul style="list-style-type: none"> • Please submit a certificate prepared by the president or similar authority of your graduating university, or equivalent. • Applicants seeking admission under the conditions specified in item (2) under 2. Qualification for Applicants on page 2 of these guidelines: <u>Applicants who have been awarded a bachelor's degree</u> should submit the certificate of the degree (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education). <u>Applicants who expect to be awarded a bachelor's degree</u> should submit a certificate stating intent to apply for a degree (issued by the dean of the school where the applicant is currently enrolled), or a certificate stating that the application for a degree has been accepted (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education).
2	Academic Transcript	Please submit a transcript issued by the president or similar authority of your graduating university. Students who are enrolled in or have completed a special course of study at a technical college should submit a transcript from the course of study in their major.
3	Personal Resume	Please print and submit a "Personal Resume" from the application documents print page on "My Page" on the online application site.
4	Letter of Recommendation	Please download the "Letter of Recommendation (Form 1*)" from the university's website and submit the letter prepared by a faculty member from your graduating university, or equivalent. The letter of recommendation does not need to be sealed. Applicants who have graduated or expect to graduate from the University of Yamanashi may omit the opinions and reason for the recommendation listed in the "Letter of Recommendation (Form 1*)".
5	Statement of Purpose	Please download the "Statement of Purpose (Form 2*)" from the university's website and use a computer to complete the statement.

6	Research Project Plan	Please download the “Research Project Plan (Form 3*)” from the university’s website and use a computer to complete the plan based on the content specified for each course.
7	Resident Record, other *To be submitted by non-Japanese applicants only	<ul style="list-style-type: none"> • Applicants residing in Japan Please submit the resident record (with the status of residence and period of stay clearly indicated) or a double-sided copy of the residence card issued by the head of the municipality where you reside. • Applicants residing overseas Please submit a copy of your passport (page displaying a photo of your face).
8	Extract of family register *Only if applicable	Please submit this document only if the applicant’s name is different on each certificate or document as a result of a name change.

* Forms 1 to 3 can be downloaded from the university’s website (<https://www.yamanashi.ac.jp/admission/45>) before the start of the application period.

(5) Method for submitting application documents

Please submit your application after checking that all documents are in order using the “Application Documents Checklist” (no submission required) on the application documents print page from “My Page” on the online application site.

(a) Applicants residing in Japan

Print out the Envelope Address Label from the application documents print page on “My Page” on the online application site. Attach this label to a commercially available, Kakugata 2-go size envelope (24cm x 33.2cm) and enclose your application documents.

If sending your application by post, please be sure to send it by registered express mail from a post office so that it arrives at the university during the application period.

If you wish to submit your application in person, please bring your documents to the Admission Division, Academic Affairs Support Department **between 9:00 am and 4:30 pm** during the application period (The office is closed between 12:00 (noon) and 1:00 pm on weekdays, and on Saturdays, Sundays and public holidays.)

(b) Applicants residing overseas

Please be sure to send all required documents as electronic files (PDFs) to the Admission Division, Academic Affairs Support Department (email: nyushi@yamanashi.ac.jp) during the application period.

Please note that admitted students will need to submit original documents after enrolling. For details on how to submit these documents, please refer to 10. Submission of Original Application Documents under Common Matters on page 16 of these guidelines.

(6) Address for submission of application documents and inquiries

Admission Division, Academic Affairs Support Department, University of Yamanashi
4-4-37, Takeda, Kofu, Yamanashi, 400-8510 Japan
Tel: 055-220-8046 (from abroad: +81-55-220-8046) Email: nyushi@yamanashi.ac.jp

【Points to note】

(a) **Please thoroughly consult with your preferred academic advisor before applying.**

Please select an academic advisor from the faculty members listed in the “Academic Advisors and Topics of Research for the Master’s Course (Life and Environmental Science) of the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences” on page 33 to 34 of these guidelines.

(b) Applications may not be accepted if the information contained is incomplete (such as information submitted online or in application documents).

(c) After an application is accepted, no changes to the content of the application will be accepted for any reason (except for change of address or other contact information). Application documents will not be returned.

(d) If information contained in the application is found to be false, the applicant’s offer of admission may be rescinded even after they have enrolled.

(e) If any points are unclear in the application procedures, please direct inquiries to the Admission Division, Academic Affairs Support Department.

6. Examination Admission Slip

Please print out the Examination Admission Slip from the online application site and bring it with you on the day of the examination.

Notification of Printing : Notification by e-mail after three days after the last day of the Application Period (Except Saturday, Sunday, and public holidays)
Printing period : From the date of receipt of the notification to March 31, 2025
How to print : Online application site > My Page > Examination Admission Slip (A4 size blank paper, 100% magnification, full color)

- If you are unable to print out the Examination Admission Slip after the above date, please contact the Admission Division, Academic Affairs Support Department.
- The name registered on the online application site will be used for the Examination Admission Slip.
- If you lose your Examination Admission Slip or it becomes stained, please print it out again from the online application site.

7. Selection Method

Successful applicants will be chosen based on an overall assessment including the result of an oral examination and a screening of their application documents.

In this selection, oral examinations may be conducted remotely before the date of arrival for applicants who live or have lived abroad for an extended period of time. However, in principle, applicants should be enrolled in a school with which the University of Yamanashi has entered into a global exchange agreement. If an applicant wishes to take the oral exam, please notify your preferred academic advisor by Friday, May 24, 2024.

Please select an academic advisor from the faculty members listed in the "Academic Advisors and Topics of Research for the Master's Course (Life and Environmental Science) of the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences" on page 33 to 34 of these guidelines.

(1) Oral examination

The applicant will be questioned about the content of the oral presentation based on his/her Statement of Purpose and Research Project Plan.

Please use software for the oral presentation. (Applicants who will use presentation software such as Microsoft PowerPoint should bring a laptop computer capable of VGA output.)

- Duration of oral examination

Course	Duration of Oral Presentation	Duration of Interview
Bioscience Course	10 minutes	5 minutes

(2) Screening of application documents

【Allocation of marks】

Course	Oral Examination	Application Documents	Total
Bioscience Course	100	Acceptable / Not acceptable	100

8. Date, Time and Meeting Place for Examination

(1) Date and time

Examination date: July 13 (Sat), 2024

Course	Time	Format
Bioscience Course	9:30 am -	Oral examination

* Applicants who arrive 30 minutes or later after the start time of the examination will not be permitted to take the examination.

(2) Meeting place

Please arrive at least 20 minutes before the start time of the examination.

Bioscience Course: Room S1-102, 1F, S1 Bldg., Kofu West Campus, University of Yamanashi

Application Guideline for General Selection

1. Capacity

Course	Capacity
Bioscience Course	10
Food, Enology and Viticulture Course	13
Local Environmental Management Course	10
Total	33

2. Qualification for Applicants

Applicants must meet at least one of the following requirements.

- (1) A person who has graduated from a university or college specified in Article 83 of the School Education Act (Law No. 26, 1947) or a person who is expected to graduate by March 2025 (or September 2024 for a person who wants to enroll in October 2024).
- (2) A person who has a Bachelor's degree according to Paragraph 7, Article 104 of the School Education Act, or a person who is expected to complete a course at a junior or technical college by March 2025 (or September 2024 for a person who wants to enroll in October 2024) and receive a Bachelor's degree according to the Act by March 2025 (or September 2024 for a person who wants to enroll in October 2024).
- (3) A person who has completed a 16-year curriculum of school education abroad or a person who is expected to complete a 16-year curriculum of school education abroad by March 2025 (or September 2024 for a person who wants to enroll in October 2024).
- (4) A person who has completed correspondence courses of an overseas school in Japan and completed a 16-year curriculum of overseas school education.
- (5) A person who has completed a course or is expected to complete a course by March 2025 (or September 2024 for a person who wants to enroll in October 2024) at an educational facility that is positioned in Japan as a school that offers university courses (limited to those whose graduates have been recognized as completing a 16-year curriculum of school education of that country) in the school education system of that country, and is specifically designated by the Minister of Education, Culture, Sports, Science and Technology.
- (6) A person who has a degree equivalent to a bachelor's degree or a person who is expected to have a degree equivalent to a bachelor's degree by March 2025 (or September 2024 for a person who wants to enroll in October 2024) by completing a course whose minimum period required for graduation is 3 years (including a correspondence course of an overseas school in Japan and a course designated by the preceding item at an educational facility that is positioned in the school educational system of that country) in an overseas university or school (limited to those evaluated by an organization approved by the government or a relevant institution in the country for their education and research activities or those specifically designated as those equivalent thereto by the Minister of Education, Culture, Sports, Science and Technology)
- (7) A person who has been designated by the Minister of Education, Culture, Sports, Science and Technology (Public Notice of the Ministry of Education No. 5, February 7, 1953) or a person who is expected to graduate by March 2025 (or September 2024 for a person who wants to enroll in October 2024)
- (8) A person who has completed specialized courses (limited to those whose minimum period required for graduation is 4 years and which also satisfies other conditions specified by the Minister of Education, Culture, Sports, Science and Technology) or is expected to completed specialized courses by March 2025 (or September 2024 for a person who wants to enroll in October 2024) specifically designated by the Minister of Education, Culture, Sports, Science and Technology at a vocational school, on or after the date designated by the Minister of Education, Culture, Sports, Science and Technology.
- (9) A person who has spent 3 years or more at a university, or who has completed a 15-year curriculum of school education abroad, and who has been recognized by our graduate school as having obtained the prescribed credits with excellent results.
- (10) A person who has been recognized as having an academic ability equal to or higher than a person who has graduated from a university or college through an individual entrance examination at this graduate school, and will be at least 22 years old at the time of admission.

[Note 1] A prequalification will be conducted for applicants who apply under items (9) or (10) above. Please direct inquiries to the Admission Division, Academic Affairs Support Department by May 20 (Mon), 2024.

[Note 2] A prequalification will be conducted for foreign applicants (overseas student). Please check section 3. Prequalification for Applicants on page 9.

[Preliminary consultations with academic advisors]

When applying, make sure you have a sufficient amount of time to consult with your preferred academic advisor and obtain their consent to supervise your research after enrollment.

Please select an academic advisor from the faculty members listed in the “Academic Advisors and Topics of Research for the Master’s Course (Life and Environmental Science) of the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences” on page 33 to 37 of these guidelines.

3. Screening of application requirements for foreign applicants (overseas students)

Foreign applicants (overseas students) who wish to apply for admission must undergo a prequalification prior to applying. Please submit the documents required for the screening during the application period specified below.

Applicants who meet the criteria listed in item (1) of 2. Qualification for Applicants on page 8 of these guidelines (government-financed, government-sponsored, privately-funded students) are exempt from this prequalification.

Applicants who fall under the following criteria in (a) or (b) may also be exempt from this prequalification. Please direct inquiries to the Educational Affairs Group, Faculty of Life and Environmental Sciences Support Division before the start of the screening application period specified below (Tel: 055-220-8807, from abroad: +81-55-220-8807).

- (a) Research students from this university (government-financed, government-sponsored, privately-funded students)
- (b) Applicants who have already completed prequalification at the university before the AY 2024 entrance exam for the Master’s Course in the Graduate School of Life and Environmental Sciences

(1) Preliminary consultation with academic advisors

Please contact your preferred academic advisor well in advance of applying in order to arrange a preliminary meeting.

Please select an advisor from the faculty members listed in the “Academic Advisors and Topics of Research for the Master’s Course (Life and Environmental Science) of the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences” on page 33 to 37 of these guidelines.

(2) Documents to be submitted for prequalification

- **Please submit originals, except for those documents for which a photocopy is acceptable (excluding applicants residing overseas).** If you cannot submit original documents (for example, if the school that you have graduated from issues a certificate of graduation or an academic transcript only once at the time you graduate (completed a course of study) and does not issue them after this time), please contact the Admission Division, Academic Affairs Support Department before the start of the application period.
- **Certificates and other documents in languages other than English should be accompanied by a Japanese or English translation.**
- Application documents cannot be changed or returned once submitted.

No.	Application document	Description
1	Form for the Approval of Application Requirements	Please download the “Form for the Approval of Application Requirements (Form 4*)” from the university’s website and fill it out completely.
2	Certificate of Graduation (Expected Graduation)	<ul style="list-style-type: none">• Please submit a certificate prepared by the president or similar authority from your graduating university, or equivalent.• Applicants seeking admission under the conditions specified in item (2) under 2. Qualification for Applicants on page 8 of these guidelines: <u>Applicants who have been awarded a bachelor’s degree</u> should submit the certificate of the degree (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education). <u>Applicants who expect to be awarded a bachelor’s degree</u> should submit a certificate stating intent to apply for a degree (issued by the dean of the school where the applicant is currently enrolled), or a certificate stating that the application for a degree has been accepted (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education).
3	Academic Transcript	Please submit a transcript issued by the president or similar authority of your graduating university. Students who are enrolled in or have completed a special course of study at a technical college should submit a transcript from the course of study in their major.
4	Statement of Purpose *Not required if applying to the Bioscience Course	Please download the “Statement of Purpose (Form 2*)” from the university’s website and use a computer to complete the statement.
5	Research Project Plan *Not required if applying to the Bioscience Course	Please download the “Research Project Plan (Form 3*)” from the university’s website and use a computer to complete the plan based on the content specified for each course.

6	Resident Record, other *To be submitted by non-Japanese applicants only	<ul style="list-style-type: none"> • Applicants residing in Japan Please submit the resident record (with the status of residence and period of stay clearly indicated) or a double-sided copy of the residence card issued by the head of the municipality where you reside. • Applicants residing overseas Please submit a copy of your passport (page displaying a photo of your face).
---	---	--

* Forms 2 to 4 can be downloaded from the university's website (<https://www.yamanashi.ac.jp/admission/45>) before the start of the application period.

(3) Application Period

May 20 (Mon) – May 24 (Fri), 2024 4:30 pm (must arrive during the application period)

(4) Submission methods for application documents

(a) Applicants residing in Japan

If sending your application by post, please send it by registered express mail from the post office to ensure that it arrives at the university during the application period.

If you wish to submit your application in person, please bring your documents to the Admission Division, Academic Affairs Support Department **between 9:00 am and 4:30 pm** during the application period (The office is closed between 12:00 (noon) and 1:00 pm on weekdays, and on Saturdays, Sundays and public holidays.) .

(b) Applicants residing overseas

Please be sure to send all required documents as electronic files (PDFs) to the Admission Division, Academic Affairs Support Department (email: nyushi@yamanashi.ac.jp) during the application period.

(5) Mailing address / Inquiries:

Admission Division, Academic Affairs Support Department, University of Yamanashi
4-4-37 Takeda, Kofu, Yamanashi, 400-8510 Japan
Tel: 055-220-8046 (from abroad: +81-55-220-8046) E-mail: nyushi@yamanashi.ac.jp

(6) Screening results

Applicants will be informed of the results of the qualification screening by e-mail by June 7 (Fri), 2024.

Applicants who are determined to be eligible to apply should complete the application procedures during the application period.

4. Preliminary consultations with applicants who require special accommodations for examinations and academic studies

Eligible applicants : Applicants with medical conditions, injuries, or disabilities who require special accommodations for examinations and academic studies

How to apply : Please contact the Admissions Division, Academic Affairs Support Department, and submit the required documents by May 24 (Fri), 2024

Required documents : Please check the university's website (<https://www.yamanashi.ac.jp/examination/3794>).

5. Application Procedure

(1) Application method

Please access the online application site (<https://syutugan.yamanashi.ac.jp>) and follow the instructions on the screen to register your application information. For details, please refer to the Online Application User Guide on page 32 of these guidelines.

(2) Application period

June 24 (Mon) to July 4 (Thu), 2024, Until 4:30 pm 【Must arrive during the application period】

Applicants must submit their information to apply online, pay the entrance examination fees, and print out, complete, and submit the application documents during the application period. Please note that applications will not be accepted if any one of the procedures is not completed during the application period.

(3) Payment of examination fee

Examination fee: ¥30,000 (Applicants are responsible for any additional fees.)

- Please select a payment method from the following options ((a) to (d)) on the online application site to complete payment.
(a) Credit card, (b) Convenience store, (c) ATM of a financial institution (Pay-easy), (d) Internet banking
- **It may take up to two hours for payment to be confirmed if using a method other than a credit card.** (Please note that you will not be able to proceed to the next step to print your application documents until payment is confirmed.)

- **Credit cards are the only acceptable form of payment for applications from overseas.**
- **Once an application has been accepted, any examination fees that have already been paid will not be refunded for any reason.**
- Japanese government (MEXT) scholarship students are not required to pay entrance examination fees. Please contact the Admission Division, Academic Affairs Support Department before the start of the application period. Japanese government (MEXT) scholarship students enrolled at other universities must submit an "Application for Certificate as a MEXT Student" issued by the relevant university in electronic format (PDF) to the Admission Division, Academic Affairs Support Department by e-mail (nyushi@yamanashi.ac.jp).

[Exemption from Examination Fee]

- Eligibility : The University of Yamanashi takes special measures to waive entrance examination fees for persons affected by the following disasters.

The Great East Japan Earthquake, Kumamoto Earthquake in 2016, heavy rains in July 2018, Hokkaido Eastern Iburi Earthquake in 2018, Typhoons No.15 (Faxai) and No.19 (Hagibis) in 2019, and disasters that occurred on or after April 2020

- Required documents : Please check the university's website (<https://www.yamanashi.ac.jp/examination/3787>).
- Application period : Starts one month before the application period opens (Note that applications must be received before the start of the application period.).

(4) Application documents

- The application documents include documents to be prepared by the applicant and documents to be printed from the online application site.
- **Please submit originals, except for those documents for which a photocopy is acceptable (excluding applicants residing overseas).** If you cannot submit original documents (for example, if the school that you have graduated from issues a certificate of graduation or an academic transcript only once at the time you graduate (completed a course of study) and does not issue them after this time), please contact the Admission Division, Academic Affairs Support Department before the start of the application period.
- **Certificates and other documents in languages other than English should be accompanied by a Japanese or English translation.**
- Applicants who have been screened for eligibility do not need to resubmit the same documents presented for that screening.

NO.	Application document	Description
1	Certificate of Graduation (Expected Graduation) *Not required for applicants who have graduated from the University of Yamanashi	<ul style="list-style-type: none"> • Please submit a certificate prepared by the president or similar authority of your graduating university, or equivalent. • Applicants seeking admission under the conditions specified in item (2) under 2. Qualification for Applicants on page 8 of these guidelines: <u>Applicants who have been awarded a bachelor's degree</u> should submit the certificate of the degree (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education). <u>Applicants who expect to be awarded a bachelor's degree</u> should submit a certificate stating intent to apply for a degree (issued by the dean of the school where the applicant is currently enrolled), or a certificate stating that the application for a degree has been accepted (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education).
2	Academic Transcript	Please submit a transcript issued by the president or similar authority of your graduating university. Students who are enrolled in or have completed a special course of study at a technical college should submit a transcript from the course of study in their major.
3	Personal Resume	Please print and submit a "Personal Resume" from the application documents print page on "My Page" on the online application site.
4	Statement of Purpose *Not required if applying to the Bioscience Course	Please download the "Statement of Purpose (Form 2*)" from the university's website and use a computer to complete the statement.
5	Research Project Plan *Not required if applying to the Bioscience Course	Please download the "Research Project Plan (Form 3*)" from the university's website and use a computer to complete the plan based on the content specified for each course.

6	Resident Record, other *To be submitted by non-Japanese applicants only	<ul style="list-style-type: none"> • Applicants residing in Japan Please submit the resident record (with the status of residence and period of stay clearly indicated) or a double-sided copy of the residence card issued by the head of the municipality where you reside. • Applicants residing overseas Please submit a copy of your passport (page displaying a photo of your face).
7	Extract of family register *Only if applicable	Please submit this document only if the applicant's name is different on each certificate or document as a result of a name change.

* Form 2 and 3 can be downloaded from the university's website (<https://www.yamanashi.ac.jp/admission/45>) before the start of the application period.

(5) Method for submitting application documents

Please submit your application after checking that all documents are in order using the "Application Documents Checklist" (no submission required) on the application documents print page from "My Page" on the online application site.

(a) Applicants residing in Japan

Print out the Envelope Address Label from the application documents print page on "My Page" on the online application site. Attach this label to a commercially available, Kakugata 2-go size envelope (24cm x 33.2cm) and enclose your application documents.

If sending your application by post, please be sure to send it by registered express mail from a post office so that it arrives at the university during the application period.

If you wish to submit your application in person, please bring your documents to the Admission Division, Academic Affairs Support Department **between 9:00 am and 4:30 pm** during the application period (The office is closed between 12:00 (noon) and 1:00 pm on weekdays, and on Saturdays, Sundays and public holidays.)

(b) Applicants residing overseas

Please be sure to send all required documents as electronic files (PDFs) to the Admission Division, Academic Affairs Support Department (email: nyushi@yamanashi.ac.jp) during the application period.

Please note that admitted students will need to submit original documents after enrolling. For details on how to submit these documents, please refer to 10. Submission of Original Application Documents under Common Matters on page 16 of these guidelines.

(6) Address for submission of application documents and inquiries

Admission Division, Academic Affairs Support Department, University of Yamanashi
4-4-37, Takeda, Kofu, Yamanashi, 400-8510 Japan
Tel: 055-220-8046 (from abroad: +81-55-220-8046) Email: nyushi@yamanashi.ac.jp

[Points to note]

(a) **Please thoroughly consult with your preferred academic advisor before applying.**

Please select an academic advisor from the faculty members listed in the "Academic Advisors and Topics of Research for the Master's Course (Life and Environmental Science) of the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences" on page 33 to 37 of these guidelines.

(b) Applications may not be accepted if the information contained is incomplete (such as information submitted online or in application documents).

(c) After an application is accepted, no changes to the content of the application will be accepted for any reason (except for change of address or other contact information). Application documents will not be returned.

(d) If information contained in the application is found to be false, the applicant's offer of admission may be rescinded even after they have enrolled.

(e) If any points are unclear in the application procedures, please direct inquiries to the Admission Division, Academic Affairs Support Department.

6. Examination Admission Slip

Please print out the Examination Admission Slip from the online application site and bring it with you on the day of the examination.

Notification of Printing : Notification by e-mail after three days after the last day of the Application Period (Except Saturday, Sunday, and public holidays)
Printing period : From the date of receipt of the notification to March 31, 2025
How to print : Online application site > My Page > Examination Admission Slip (A4 size blank paper, 100% magnification, full color)

- If you are unable to print out the Examination Admission Slip after the above date, please contact the Admission Division, Academic Affairs Support Department.
- The name registered on the online application site will be used for the Examination Admission Slip.
- If you lose your Examination Admission Slip or it becomes stained, please print it out again from the online application site.

7. Selection Method

Please note the following matters regarding the selection method for each course.

- (1) After application documents are received, no changes to the desired course or the selected subjects will be permitted.
- (2) Calculators may be used in written examinations for specialized subjects.
- (3) Please refer to the selection methods for each course for details on the use of dictionaries or reference books.
- (4) For information on allocation of marks, refer to page 14.
- (5) Applicants who arrive 30 minutes or later after the start time of the examination will not be permitted to take the examination.

<Bioscience Course>

Successful applicants will be chosen based on an overall assessment including the results of a written examination, an oral examination, and a screening of their application documents. No dictionaries or reference books are allowed in the written or oral examinations.

(1) Written examination (specialized subjects)

Please select two of the following seven subjects when submitting the application : applied microbiology, biochemistry, organic chemistry, molecular biology/genetic engineering, development engineering, nutrition, exercise physiology · neuroscience.

(Note) For information about the content of questions for each subject, please refer to the "Scope of Questions for the Bioscience Course" on the university's website (<http://www.yamanashi.ac.jp/admission/45>).

If you select biochemistry or biochemical engineering, please bring a scientific calculator with you.

(2) Written examination (foreign language)

Examination subjects will be in English.

However, subjects for foreign applicants (overseas students) shall be in either Japanese or English. Please select your preferred language when submitting the application.

Question contents are related to specialized subjects.

(3) Oral examination (15 minutes)

The applicant will be questioned about specialized subjects, etc.

(4) Screening of application documents

<Food, Enology and Viticulture Course>

Successful applicants will be chosen based on an overall assessment including the results of their oral examination and a screening of their application documents. No dictionaries or reference books are allowed in the written or oral examinations.

(1) Oral examination (Oral presentation: 8 minutes, interview: 7 minutes)

The applicant will be questioned about the content of the oral presentation based on his/her Statement of Purpose and Research Project Plan.

(Note) Please use software (Microsoft PowerPoint, etc.) for the oral presentation.

(Please bring Microsoft PowerPoint files on a USB memory stick or CD. Applicants who use other types of presentation software should bring a laptop computer capable of VGA output.)

(2) Screening of application documents

<Local Environmental Management Course>

Successful applicants will be chosen based on an overall assessment including the results of their oral examination and a screening of their application documents. No dictionaries or reference books are allowed in the written or oral examinations.

(1) Oral examination (Oral presentation: 10 minutes, interview: 10 minutes)

<p>The applicant will be questioned about the content of the oral presentation based on his/her Statement of Purpose and Research Project Plan.</p> <p>(Note) Please use software (Microsoft PowerPoint, etc.) for the oral presentation. (Please bring Microsoft PowerPoint files on a USB memory stick or CD. Applicants who use other types of presentation software should bring a laptop computer capable of VGA output.)</p>
--

(2) Screening of application documents

【Allocation of marks】

Course	Written Examination		Oral Examination	Application Documents	Total
	(Specialized subjects) 200	(Foreign language) 100			
Bioscience Course	(Specialized subjects) 200	(Foreign language) 100	100	Acceptable / Not acceptable	400
Food, Enology and Viticulture Course	/		70	30	100
Local Environmental Management Course	/		90	Acceptable / Not acceptable	90

8. Date, Time and Meeting Place for Examination

(1) Date and time

Examination date: July 13 (Sat), 2024

Course	Time	Format
Bioscience Course	9:30 am -11:30 am	Written examination (specialized subjects and foreign language)
	1:30 pm -	Oral examination
Food, Enology and Viticulture Course	9:30 am -	Oral examination
Local Environmental Management Course	9:30 am -	Oral examination

(2) Meeting place

Please arrive at least 20 minutes before the start time of the examination.

- (a) Bioscience Course: Room S1-14, 1F, S1 Bldg., Kofu West Campus, University of Yamanashi
- (b) Food, Enology and Viticulture Course: Room S1-22, 2F, S1 Bldg., Kofu West Campus, University of Yamanashi
- (c) Local Environmental Management Course: Room S1-318, 3F, S1 Bldg., Kofu West Campus, University of Yamanashi

Common Matters

1. Examination Result Announcement

Date and Time: **July 26 (Fri), 2024 around 4:00 pm**

- The examinee numbers of successful applicants will be posted on the university's website (https://www.yamanashi.ac.jp/examination_list).
- The university will not accept inquiries by telephone or other means about the results of the examination.
- The university will send a notification of acceptance to successful applicants on the day that the results are announced.

2. Admission Period

- Applicants may select their preferred date of admission. Please select your preferred date of admission from either October 2024 (second semester) or April 2025 (first semester) when you submit your application online.
- Please note that changes cannot be made to your selected date of admission once the application has been accepted.
- If you have any questions about admission procedures for October (second semester), please direct inquiries to the Admission Division, Academic Affairs Support Department.

3. Admission Procedures

(1) Admission procedure period

Admission Period	Admission Procedure Period
Admission in October 2024	September 13 (Fri), 2024
Admission in April 2025	March 7 (Fri) to March 15 (Sat), 2025

[Points to note]

- (a) Details on enrollment procedures will be notified separately.
- (b) Applicants who fail to complete the admission procedures by the abovementioned deadline will be assumed to have decided against entering this university and your admission will be cancelled.

(2) Payment for admission

The admission fee is ¥282,000 (tentative).

- This is the estimated fee and is subject to change.
- Admission fees that have been paid will not be refunded for any reason.

4. Tuition Fees

Tuition fee for the second semester for students enrolling in October 2024 is tentatively set at ¥267,900.

Tuition fee for the first semester for students enrolling in April 2025 is tentatively set at ¥267,900 (total of ¥535,800 per year).

- This is the estimated fee and is subject to change.
- In principle, tuition fee is withdrawn from the student's account. Information about procedures will be made available later.

5. Other Expenses

Other fees such as for Personal Accident Insurance for Students Pursuing Education and Research are required.

6. Extended Credit System

The Master's Course in the Graduate School of Life and Environmental Sciences offers an extended credit system.

This system is designed for students whose hours of study are restricted by employment or other reasons to systematically take and complete the course in a certain period (maximum of four years) beyond the standard course term (two years). The number of required credits is the same as those completed in the standard course term, so the yearly course load required can be dramatically reduced.

For more details on this system, please direct inquiries to the Educational Affairs Group (for graduate school), Faculty of Life and Environmental Sciences Support Division at 055-220-8807 (from abroad: +81-55-220-8807).

The deadline for application to this system is as follows:

- (1) Admission in April (first semester): Last day of February
- (2) Admission in October (second semester): Last day of August

*1 Students can also apply for this system after enrolling.

*2 The period of the extension is determined by the hours of study not yet completed.

7. Entrance Fee Waiver System for Successful Applicants with Outstanding Exam Scores

Entrance fees for the Master's Course in the Graduate School of Life and Environmental Sciences will be waived or halved for successful applicants with top scores on the entrance examination.

8. Handling Personal Information

The university will handle personal information from applicants as follows based on the "Act on the Protection of Personal Information Held by Incorporated Administrative Agencies" and the "Regulations on the Protection of Personal Information of the University of Yamanashi University."

- (1) Personal information obtained during the selection process will be used for the following purposes: (a) selecting applicants (processing and selection of applications), (b) announcing examination results, (c) implementing admission procedures, (d) conducting statistical studies, (e) analyzing application trends and future admission methods, research and analysis on improving university education, and (f) education and events for successful applicants prior to admission. When the results of this research and analysis are published, the data will be processed so that individuals cannot be identified.
- (2) Personal information of enrollees obtained in applications will be used for the following: (a) Academic affairs (student registration, instruction and guidance, etc.), (b) student support (health care, employment support, tuition waivers, scholarship applications, etc.), and (c) collecting tuition.
- (3) Please note that in the execution of the above, some tasks may be outsourced to a contractor that has been contracted by the university to carry out these tasks (hereinafter referred to as "contractor"). In this case, the contractor may be provided with all or part of the personal information we have obtained to the extent that it is required to carry out the contracted work.
- (4) In order to protect personal data and private information, the personal information acquired in the process of selection, whether in the form of documents in which it is contained or in data itself, will be kept strictly confidential and will not be used for any purpose other than those described above. Personal information will not be disclosed to third parties, except as required by law.

9. Infectious Disease Control Measures for Entrance Examinations

If an applicant has contracted and not recovered from an infectious disease (COVID-19, influenza, measles, chicken pox, etc.) on the day of the entrance exam for the university for which a mandatory suspension period has been stipulated by the School Health and Safety Act, the applicant will not be permitted to take the examination due to the risk of infecting other examinees or test proctors.

In the event that an applicant is unable to take the exam, the university will be unable to implement special measures, including allowing the applicant to retake the examination or take the exam in a separate room, and cannot refund the entrance examination fee. Please stay healthy so that you are well-prepared for the day of the examination.

10. Submission of Original Application Documents

Successful applicants who have submitted documents to determine eligibility and application forms as electronic files (PDFs) must submit the original documents after enrollment.

Please note that if information contained in the PDF document data is found to have been falsified or misrepresented, the offer of admission may be revoked.

Documents for submission : Originals of application documents for qualification screening and application

Place of submission : Office of the Educational Affairs Group, Faculty of Life and Environmental Sciences Support Division
between 8:30 am and 5:15 pm (closed 12:00 (noon) -1:00 pm)

Date of submission : Within one week of arriving on campus (strictly enforced)

11. Security Export Control

The University of Yamanashi has established "Security Export Control Regulations" in accordance with the "Foreign Exchange and Foreign Trade Act" and carries out strict screening when accepting international students. If an applicant falls under any of the restrictions described, they may not be able to receive the desired level of education or conduct research.

12. Other

- (1) **Please enter an address, telephone number and email address in the contact information section on the online application site where you can reliably receive inquiries and notifications from the university from the time you apply until the process is complete.**
Please promptly notify the Admission Division, Academic Affairs Support Department if there are any changes to your contact information after you have submitted your application.
- (2) Applicants wishing to obtain a scholarship should direct inquiries to the Student Supporting Division, Academic Affairs Support Department (Tel: 055-220-8053, from abroad: +81-55-220-8053) for information after the examination result announcement.

Application Guideline for Special Selection of Preferred Applicants

The development and growth of science technology are significant these days, and there is social demand for the creation of new interdisciplinary research fields transcending the existing academic framework.

From this perspective, in the Graduate School of Life and Environmental Sciences in this Master's Course, we aim to offer distinctive education and research, and, by way of an oral examination and screening of application documents, we make the special selection of those who actively undertake academic study and research in their specialized field and beyond.

1. Capacity

Course	Capacity
Bioscience Course	Several

2. Qualification for Applicants

Applicants must meet at least one of the following requirements, have graduated or are expected to graduate from a department or course related to bioscience, have excelled in their university or college, have been recommended by their academic advisor, and must be able to make a commitment to enrolling in the program after being admitted.

- (1) A person who has graduated from a university or college specified in Article 83 of the School Education Act (Law No. 26, 1947) or a person who is expected to graduate by March 2025 (or September 2025 for a person who wants to enroll in October 2025).
- (2) A Person who has a Bachelor's degree according to Paragraph 7, Article 104 of the School Education Act, or a person who is expected to complete a course at a junior or technical college by March 2025 (or September 2025 for a person who wants to enroll in October 2025) and receive a Bachelor's degree according to the Act by March 2025 (or September 2025 for a person who wants to enroll in October 2025).
- (3) A Person who has completed a 16-year curriculum of school education abroad or a person who is expected to complete a 16-year curriculum of school education abroad by March 2025 (or September 2025 for a person who wants to enroll in October 2025).
- (4) A person who has completed a course or is expected to complete a course by March 2025 (or September 2025 for a person who wants to enroll in October 2025) at an educational facility that is positioned in Japan as a school that offers university courses (limited to those whose graduates have been recognized as completing a 16-year curriculum of school education of that country) in the school educational system of that country, and is specifically designated by the Minister of Education, Culture, Sports, Science and Technology.
- (5) A person who has been designated by the Minister of Education, Culture, Sports, Science and Technology (Public Notice of the Ministry of Education No. 5, February 7, 1953) or a person who is expected to graduate by March 2025 (or September 2025 for a person who wants to enroll in October 2025).
- (6) A person who has completed specialized courses (limited to those whose minimum period required for graduation is 4 years and which also satisfies other conditions specified by the Minister of Education, Culture, Sports, Science and Technology) or is expected to complete specialized courses by March 2025 (or September 2025 for a person who wants to enroll in October 2025) specifically designated by the Minister of Education, Culture, Sports, Science and Technology, at a vocational school, on or after the date designated by the Minister of Education, Culture, Sports, Science and Technology.
- (7) A person who has spent 3 years or more at a university, or who has completed a 15-year curriculum of school education abroad, and who has been recognized by our graduate school as having obtained the prescribed credits with excellent results.

[Note 1] A prequalification will be conducted for applicants who apply under item (7) above. Please direct inquiries to the Admission Division, Academic Affairs Support Department by October 4 (Fri), 2024.

[Note 2] A prequalification will be conducted for foreign applicants (overseas students). Please check section 3. Prequalification for Applicants on page 18.

[Preliminary consultations with academic advisors]

When applying, make sure you have a sufficient amount of time to consult with your preferred academic advisor and obtain their consent to supervise your research after enrollment.

Please select an academic advisor from the faculty members listed in the "Academic Advisors and Topics of Research for the Master's Course (Life and Environmental Science) of the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences" on page 33 to 34 of these guidelines.

3. Screening of application requirements for foreign applicants (overseas students)

Foreign applicants (overseas students) who wish to apply for admission must undergo a prequalification prior to applying. Please submit the documents required for the screening during the application period specified below.

Applicants who meet the criteria listed in item (1) of 2. Qualification for Applicants on page 17 of these guidelines (government-financed, government-sponsored, privately-funded students) and Japanese government (MEXT) scholarship students recommended by the university are exempt from this prequalification.

Applicants who fall under the following criteria in (a) or (b) may also be exempt from this prequalification. Please direct inquiries to the Educational Affairs Group, Faculty of Life and Environmental Sciences Support Division before the start of the screening application period specified below (Tel: 055-220-8807, from abroad: +81-55-220-8807).

- (a) Research students from this university (government-financed, government-sponsored, privately-funded students)
- (b) First-call applicants who have already completed prequalification at the university before the AY 2025 entrance exam for the Master's Course in the Graduate School of Life and Environmental Sciences

(1) Preliminary consultation with academic advisors

Please contact your preferred academic advisor well in advance of applying in order to arrange a preliminary meeting.

Please select an advisor from the faculty members listed in the "Academic Advisors and Topics of Research for the Master's Course (Life and Environmental Science) of the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences" on page 33 to 34 of these guidelines.

(2) Documents to be submitted for prequalification

- **Please submit originals, except for those documents for which a photocopy is acceptable (excluding applicants residing overseas).** If you cannot submit original documents (for example, if the school that you have graduated from issues a certificate of graduation or an academic transcript only once at the time you graduate (completed a course of study) and does not issue them after this time), please contact the Admission Division, Academic Affairs Support Department before the start of the application period.
- **Certificates and other documents in languages other than English should be accompanied by a Japanese or English translation.**
- Application documents cannot be changed or returned once submitted.

No.	Application document	Description
1	Form for the Approval of Application Requirements	Please download the "Form for the Approval of Application Requirements (Form 4*)" from the university's website and fill it out completely.
2	Certificate of Graduation (Expected Graduation)	<ul style="list-style-type: none"> • Please submit a certificate prepared by the president or similar authority from your graduating university, or equivalent. • Applicants seeking admission under the conditions specified in item (2) under 2. Qualification for Applicants on page 17 of these guidelines: <u>Applicants who have been awarded a bachelor's degree</u> should submit the certificate of the degree (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education). <u>Applicants who expect to be awarded a bachelor's degree</u> should submit a certificate stating intent to apply for a degree (issued by the dean of the school where the applicant is currently enrolled), or a certificate stating that the application for a degree has been accepted (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education).
3	Academic Transcript	Please submit a transcript issued by the president or similar authority of your graduating university. Students who are enrolled in or have completed a special course of study at a technical college should submit a transcript from the course of study in their major.
4	Letter of Recommendation	Please download the "Letter of Recommendation (Form 1*)" from the university's website and submit the letter prepared by a faculty member from your graduating university, or equivalent. The letter of recommendation does not need to be sealed.
5	Statement of Purpose	Please download the "Statement of Purpose (Form 2*)" from the university's website and use a computer to complete the statement.
6	Research Project Plan	Please download the "Research Project Plan (Form 3*)" from the university's website and use a computer to complete the plan based on the content specified for each course.

7	Resident Record, other *To be submitted by non-Japanese applicants only	<ul style="list-style-type: none"> • Applicants residing in Japan Please submit the resident record (with the status of residence and period of stay clearly indicated) or a double-sided copy of the residence card issued by the head of the municipality where you reside. • Applicants residing overseas Please submit a copy of your passport (page displaying a photo of your face).
---	---	--

* Forms 1 to 4 can be downloaded from the university's website (<https://www.yamanashi.ac.jp/admission/45>) before the start of the application period.

(3) Application Period

October 4 (Fri) – October 11 (Fri), 2024 4:30 pm (must arrive during the application period)

(4) Submission methods for application documents

(a) Applicants residing in Japan

If sending your application by post, please send it by registered express mail from the post office to ensure that it arrives at the university during the application period.

If you wish to submit your application in person, please bring your documents to the Admission Division, Academic Affairs Support Department **between 9:00 am and 4:30 pm** during the application period (The office is closed between 12:00 (noon) and 1:00 pm on weekdays, and on Saturdays, Sundays and public holidays.)

(b) Applicants residing overseas

Please be sure to send all required documents as electronic files (PDFs) to the Admission Division, Academic Affairs Support Department (email: nyushi@yamanashi.ac.jp) during the application period.

(5) Mailing address / Inquiries:

Admission Division, Academic Affairs Support Department, University of Yamanashi
4-4-37 Takeda, Kofu, Yamanashi, 400-8510 Japan
Tel: 055-220-8046 (from abroad: +81-55-220-8046) E-mail: nyushi@yamanashi.ac.jp

(6) Screening results

Applicants will be informed of the results of the qualification screening by e-mail by October 25 (Fri), 2024.

Applicants who are determined to be eligible to apply should complete the application procedures during the application period.

4. Preliminary consultations with applicants who require special accommodations for examinations and academic studies

Eligible applicants : Applicants with medical conditions, injuries, or disabilities who require special accommodations for examinations and academic studies.

How to apply : Please contact the Admissions Division, Academic Affairs Support Department, and submit the required documents by October 11 (Fri), 2024.

Required documents : Please check the university's website (<https://www.yamanashi.ac.jp/examination/3794>).

5. Application Procedure

(1) Application method

Please access the online application site (<https://syutugan.yamanashi.ac.jp>) and follow the instructions on the screen to register your application information. For details, please refer to the Online Application User Guide on page 32 of these guidelines.

(2) Application period

November 11 (Mon) to November 18 (Mon), 2024, Until 4:30 pm 【Must arrive during the application period】

Applicants must submit their information to apply online, pay the entrance examination fees, and print out, complete, and submit the application documents during the application period. Please note that applications will not be accepted if any one of the procedures is not completed during the application period.

(3) Payment of examination fee

Examination fee: ¥30,000 (Applicants are responsible for any additional fees.)

- Please select a payment method from the following options ((a) to (d)) on the online application site to complete payment.
 - (a) Credit card, (b) Convenience store, (c) ATM of a financial institution (Pay-easy), (d) Internet banking
- **It may take up to two hours for payment to be confirmed if using a method other than a credit card.** (Please note that you will not be able to proceed to the next step to print your application documents until payment is confirmed.)

- **Credit cards are the only acceptable form of payment for applications from overseas.**
- **Once an application has been accepted, any examination fees that have already been paid will not be refunded for any reason.**
- Japanese government (MEXT) scholarship students are not required to pay entrance examination fees. Please contact the Admission Division, Academic Affairs Support Department before the start of the application period. Japanese government (MEXT) scholarship students enrolled at other universities must submit an "Application for Certificate as a MEXT Student" issued by the relevant university in electronic format (PDF) to the Admission Division, Academic Affairs Support Department by e-mail (nyushi@yamanashi.ac.jp).

【Exemption from Examination Fee】

- Eligibility : The University of Yamanashi takes special measures to waive entrance examination fees for persons affected by the following disasters.

The Great East Japan Earthquake, Kumamoto Earthquake in 2016, heavy rains in July 2018, Hokkaido Eastern Iburi Earthquake in 2018, Typhoons No.15 (Faxai) and No.19 (Hagibis) in 2019, and disasters that occurred on or after April 2020

- Required documents : Please check the university's website (<https://www.yamanashi.ac.jp/examination/3787>).
- Application period : Starts one month before the application period opens (Note that applications must be received before the start of the application period.).

(4) Application documents

- The application documents include documents to be prepared by the applicant and documents to be printed from the online application site.
- **Please submit originals, except for those documents for which a photocopy is acceptable (excluding applicants residing overseas).** If you cannot submit original documents (for example, if the school that you have graduated from issues a certificate of graduation or an academic transcript only once at the time you graduate (completed a course of study) and does not issue them after this time), please contact the Admission Division, Academic Affairs Support Department before the start of the application period.
- **Certificates and other documents in languages other than English should be accompanied by a Japanese or English translation.**
- Applicants who have been screened for eligibility do not need to resubmit the same documents presented for that screening.

NO.	Application document	Description
1	Certificate of Graduation (Expected Graduation) *Not required for applicants who have graduated from the University of Yamanashi	<ul style="list-style-type: none"> • Please submit a certificate prepared by the president or similar authority of your graduating university, or equivalent. • Applicants seeking admission under the conditions specified in item (2) under 2. Qualification for Applicants on page 17 of these guidelines: <u>Applicants who have been awarded a bachelor's degree</u> should submit the certificate of the degree (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education). <u>Applicants who expect to be awarded a bachelor's degree</u> should submit a certificate stating intent to apply for a degree (issued by the dean of the school where the applicant is currently enrolled), or a certificate stating that the application for a degree has been accepted (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education).
2	Academic Transcript	Please submit a transcript issued by the president or similar authority of your graduating university. Students who are enrolled in or have completed a special course of study at a technical college should submit a transcript from the course of study in their major.
3	Personal Resume	Please print and submit a "Personal Resume" from the application documents print page on "My Page" on the online application site.
4	Letter of Recommendation	Please download the "Letter of Recommendation (Form 1*)" from the university's website and submit the letter prepared by a faculty member from your graduating university, or equivalent. The letter of recommendation does not need to be sealed. Applicants who have graduated or expect to graduate from the University of Yamanashi may omit the opinions and reason for the recommendation listed in the "Letter of Recommendation (Form 1*)".
5	Statement of Purpose	Please download the "Statement of Purpose (Form 2*)" from the university's website and use a computer to complete the statement.

6	Research Project Plan	Please download the “Research Project Plan (Form 3*)” from the university’s website and use a computer to complete the plan based on the content specified for each course.
7	Resident Record, other *To be submitted by non-Japanese applicants only	<ul style="list-style-type: none"> • Applicants residing in Japan Please submit the resident record (with the status of residence and period of stay clearly indicated) or a double-sided copy of the residence card issued by the head of the municipality where you reside. • Applicants residing overseas Please submit a copy of your passport (page displaying a photo of your face).
8	Extract of family register *Only if applicable	Please submit this document only if the applicant’s name is different on each certificate or document as a result of a name change.

* Forms 1 to 3 can be downloaded from the university’s website (<https://www.yamanashi.ac.jp/admission/45>) before the start of the application period.

(5) Method for submitting application documents

Please submit your application after checking that all documents are in order using the “Application Documents Checklist” (no submission required) on the application documents print page from “My Page” on the online application site.

(a) Applicants residing in Japan

Print out the Envelope Address Label from the application documents print page on “My Page” on the online application site. Attach this label to a commercially available, Kakugata 2-go size envelope (24cm x 33.2cm) and enclose your application documents.

If sending your application by post, please be sure to send it by registered express mail from a post office so that it arrives at the university during the application period.

If you wish to submit your application in person, please bring your documents to the Admission Division, Academic Affairs Support Department **between 9:00 am and 4:30 pm** during the application period (The office is closed between 12:00 (noon) and 1:00 pm on weekdays, and on Saturdays, Sundays and public holidays.)

(b) Applicants residing overseas

Please be sure to send all required documents as electronic files (PDFs) to the Admission Division, Academic Affairs Support Department (email: nyushi@yamanashi.ac.jp) during the application period.

Please note that admitted students will need to submit original documents after enrolling. For details on how to submit these documents, please refer to 10. Submission of Original Application Documents under Common Matters on page 31 of these guidelines.

(6) Address for submission of application documents and inquiries

Admission Division, Academic Affairs Support Department, University of Yamanashi
4-4-37, Takeda, Kofu, Yamanashi, 400-8510 Japan
Tel: 055-220-8046 (from abroad: +81-55-220-8046) Email: nyushi@yamanashi.ac.jp

【Points to note】

(a) **Please thoroughly consult with your preferred academic advisor before applying.**

Please select an academic advisor from the faculty members listed in the “Academic Advisors and Topics of Research for the Master’s Course (Life and Environmental Science) of the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences” on page 33 to 34 of these guidelines.

(b) Applications may not be accepted if the information contained is incomplete (such as information submitted online or in application documents).

(c) After an application is accepted, no changes to the content of the application will be accepted for any reason (except for change of address or other contact information). Application documents will not be returned.

(d) If information contained in the application is found to be false, the applicant’s offer of admission may be rescinded even after they have enrolled.

(e) If any points are unclear in the application procedures, please direct inquiries to the Admission Division, Academic Affairs Support Department.

6. Examination Admission Slip

Please print out the Examination Admission Slip from the online application site and bring it with you on the day of the examination.

Notification of Printing : Notification by e-mail after three days after the last day of the Application Period (Except Saturday, Sunday, and public holidays).
Printing period : From the date of receipt of the notification to March 31, 2025.
How to print : Online application site > My Page > Examination Admission Slip (A4 size blank paper, 100% magnification, full color).

- If you are unable to print out the Examination Admission Slip after the above date, please contact the Admission Division, Academic Affairs Support Department.
- The name registered on the online application site will be used for the Examination Admission Slip.
- If you lose your Examination Admission Slip or it becomes stained, please print it out again from the online application site.

7. Selection Method

Successful applicants will be chosen based on an overall assessment including the result of an oral examination and a screening of their application documents.

In this selection, oral examinations may be conducted remotely before the date of arrival for applicants who live or have lived abroad for an extended period of time. However, in principle, applicants should be enrolled in a school with which the University of Yamanashi has entered into a global exchange agreement. If an applicant wishes to take the oral exam, please notify your preferred academic advisor by Friday, October 11, 2024.

Please select an academic advisor from the faculty members listed in the “Academic Advisors and Topics of Research for the Master’s Course (Life and Environmental Science) of the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences” on page 33 to 34 of these guidelines.

(1) Oral examination

The applicant will be questioned about the content of the oral presentation based on his/her Statement of Purpose and Research Project Plan.

Please use software for the oral presentation. (Applicants who will use presentation software such as Microsoft PowerPoint should bring a laptop computer capable of VGA output.)

- Duration of oral examination

Course	Duration of Oral Presentation	Duration of Interview
Bioscience Course	10 minutes	5 minutes

(2) Screening of application documents

[Allocation of marks]

Course	Oral Examination	Application Documents	Total
Bioscience Course	100	Acceptable / Not acceptable	100

8. Date, Time and Meeting Place for Examination

(1) Date and time

Examination date : November 30 (Sat), 2024

Course	Time	Format
Bioscience Course	9:30 am -	Oral examination

* Applicants who arrive 30 minutes or later after the start time of the examination will not be permitted to take the examination.

(2) Meeting place

Please arrive at least 20 minutes before the start time of the examination.

Bioscience Course: Room S1-12, 1F, S1 Bldg., Kofu West Campus, University of Yamanashi

Application Guideline for General Selection

1. Capacity

Course	Capacity
Bioscience Course	Several
Food, Enology and Viticulture Course	Several
Local Environmental Management Course	Several

2. Qualification for Applicants

Applicants must meet at least one of the following requirements.

- (1) A person who has graduated from a university or college specified in Article 83 of the School Education Act (Law No. 26, 1947) or a person who is expected to graduate by March 2025 (or September 2025 for a person who wants to enroll in October 2025).
- (2) A person who has a Bachelor's degree according to Paragraph 7, Article 104 of the School Education Act, or a person who is expected to complete a course at a junior or technical college by March 2025 (or September 2025 for a person who wants to enroll in October 2025) and receive a Bachelor's degree according to the Act by March 2025 (or September 2025 for a person who wants to enroll in October 2025).
- (3) A person who has completed a 16-year curriculum of school education abroad or a person who is expected to complete a 16-year curriculum of school education abroad by March 2025 (or September 2025 for a person who wants to enroll in October 2025).
- (4) A person who has completed correspondence courses of an overseas school in Japan and completed a 16-year curriculum of overseas school education.
- (5) A person who has completed a course or is expected to complete a course by March 2025 (or September 2025 for a person who wants to enroll in October 2025) at an educational facility that is positioned in Japan as a school that offers university courses (limited to those whose graduates have been recognized as completing a 16-year curriculum of school education of that country) in the school education system of that country, and is specifically designated by the Minister of Education, Culture, Sports, Science and Technology.
- (6) A person who has a degree equivalent to a bachelor's degree or a person who is expected to have a degree equivalent to a bachelor's degree by March 2025 (or September 2025 for a person who wants to enroll in October 2025) by completing a course whose minimum period required for graduation is 3 years (including a correspondence course of an overseas school in Japan and a course designated by the preceding item at an educational facility that is positioned in the school educational system of that country) in an overseas university or school (limited to those evaluated by an organization approved by the government or a relevant institution in the country for their education and research activities or those specifically designated as those equivalent thereto by the Minister of Education, Culture, Sports, Science and Technology)
- (7) A person who has been designated by the Minister of Education, Culture, Sports, Science and Technology (Public Notice of the Ministry of Education No. 5, February 7, 1953) or a person who is expected to graduate by March 2025 (or September 2025 for a person who wants to enroll in October 2025)
- (8) A person who has completed specialized courses (limited to those whose minimum period required for graduation is 4 years and which also satisfies other conditions specified by the Minister of Education, Culture, Sports, Science and Technology) or is expected to completed specialized courses by March 2025 (or September 2025 for a person who wants to enroll in October 2025) specifically designated by the Minister of Education, Culture, Sports, Science and Technology at a vocational school, on or after the date designated by the Minister of Education, Culture, Sports, Science and Technology.
- (9) A person who has spent 3 years or more at a university, or who has completed a 15-year curriculum of school education abroad, and who has been recognized by our graduate school as having obtained the prescribed credits with excellent results.
- (10) A person who has been recognized as having an academic ability equal to or higher than a person who has graduated from a university or college through an individual entrance examination at this graduate school, and will be at least 22 years old at the time of admission.

[Note 1] A prequalification will be conducted for applicants who apply under items (9) or (10) above. Please direct inquiries to the Admission Division, Academic Affairs Support Department by October 4 (Fri), 2024.

[Note 2] A prequalification will be conducted for foreign applicants (overseas student). Please check section 3. Prequalification for Applicants on page 24.

[Preliminary consultations with academic advisors]

When applying, make sure you have a sufficient amount of time to consult with your preferred academic advisor and obtain their consent to supervise your research after enrollment.

Please select an academic advisor from the faculty members listed in the “Academic Advisors and Topics of Research for the Master’s Course (Life and Environmental Science) of the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences” on page 33 to 37 of these guidelines.

3. Screening of application requirements for foreign applicants (overseas students)

Foreign applicants (overseas students) who wish to apply for admission must undergo a prequalification prior to applying. Please submit the documents required for the screening during the application period specified below.

Applicants who meet the criteria listed in item (1) of 2. Qualification for Applicants on page 23 of these guidelines (government-financed, government-sponsored, privately-funded students) are exempt from this prequalification.

Applicants who fall under the following criteria in (a) or (b) may also be exempt from this prequalification. Please direct inquiries to the Educational Affairs Group, Faculty of Life and Environmental Sciences Support Division before the start of the screening application period specified below (Tel: 055-220-8807, from abroad: +81-55-220-8807).

- (a) Research students from this university (government-financed, government-sponsored, privately-funded students)
- (b) First-call applicants who have already completed preliminary screening at the university before the AY 2025 entrance exam for the Master’s Course in the Graduate School of Life and Environmental Sciences

(1) Preliminary consultation with academic advisors

Please contact your preferred academic advisor well in advance of applying in order to arrange a preliminary meeting.

Please select an advisor from the faculty members listed in the “Academic Advisors and Topics of Research for the Master’s Course (Life and Environmental Science) of the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences” on page 33 to 37 of these guidelines.

(2) Documents to be submitted for prequalification

- **Please submit originals, except for those documents for which a photocopy is acceptable (excluding applicants residing overseas).** If you cannot submit original documents (for example, if the school that you have graduated from issues a certificate of graduation or an academic transcript only once at the time you graduate (completed a course of study) and does not issue them after this time), please contact the Admission Division, Academic Affairs Support Department before the start of the application period.
- **Certificates and other documents in languages other than English should be accompanied by a Japanese or English translation.**
- Application documents cannot be changed or returned once submitted.

No.	Application document	Description
1	Form for the Approval of Application Requirements	Please download the “Form for the Approval of Application Requirements (Form 4*)” from the university’s website and fill it out completely.
2	Certificate of Graduation (Expected Graduation)	<ul style="list-style-type: none">• Please submit a certificate prepared by the president or similar authority from your graduating university, or equivalent.• Applicants seeking admission under the conditions specified in item (2) under 2. Qualification for Applicants on page 23 of these guidelines: <u>Applicants who have been awarded a bachelor’s degree</u> should submit the certificate of the degree (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education). <u>Applicants who expect to be awarded a bachelor’s degree</u> should submit a certificate stating intent to apply for a degree (issued by the dean of the school where the applicant is currently enrolled), or a certificate stating that the application for a degree has been accepted (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education).
3	Academic Transcript	Please submit a transcript issued by the president or similar authority of your graduating university. Students who are enrolled in or have completed a special course of study at a technical college should submit a transcript from the course of study in their major.

(5) Mailing address / Inquiries:

Admission Division, Academic Affairs Support Department, University of Yamanashi
4-4-37 Takeda, Kofu, Yamanashi, 400-8510 Japan
Tel: 055-220-8046 (from abroad: +81-55-220-8046) E-mail: nyushi@yamanashi.ac.jp

(6) Screening results

Applicants will be informed of the results of the qualification screening by e-mail by October 25 (Fri), 2024.

Applicants who are determined to be eligible to apply should complete the application procedures during the application period.

4. Preliminary consultations with applicants who require special accommodations for examinations and academic studies

Eligible applicants : Applicants with medical conditions, injuries, or disabilities who require special accommodations for examinations and academic studies.

How to apply : Please contact the Admissions Division, Academic Affairs Support Department, and submit the required documents by October 11 (Fri), 2024.

Required documents : Please check the university's website (<https://www.yamanashi.ac.jp/examination/3794>).

5. Application Procedure

(1) Application method

Please access the online application site (<https://syutugan.yamanashi.ac.jp>) and follow the instructions on the screen to register your application information. For details, please refer to the Online Application User Guide on page 32 of these guidelines.

(2) Application period

November 11 (Mon) to November 18 (Mon), 2024, Until 4:30 pm 【Must arrive during the application period】

Applicants must submit their information to apply online, pay the entrance examination fees, and print out, complete, and submit the application documents during the application period. Please note that applications will not be accepted if any one of the procedures is not completed during the application period.

(3) Payment of examination fee

Examination fee: ¥30,000 (Applicants are responsible for any additional fees.)

- Please select a payment method from the following options ((a) to (d)) on the online application site to complete payment.
(a) Credit card, (b) Convenience store, (c) ATM of a financial institution (Pay-easy), (d) Internet banking
- **It may take up to two hours for payment to be confirmed if using a method other than a credit card.** (Please note that you will not be able to proceed to the next step to print your application documents until payment is confirmed.)

- **Credit cards are the only acceptable form of payment for applications from overseas.**
- **Once an application has been accepted, any examination fees that have already been paid will not be refunded for any reason.**
- Japanese government (MEXT) scholarship students are not required to pay entrance examination fees. Please contact the Admission Division, Academic Affairs Support Department before the start of the application period. Japanese government (MEXT) scholarship students enrolled at other universities must submit an "Application for Certificate as a MEXT Student" issued by the relevant university in electronic format (PDF) to the Admission Division, Academic Affairs Support Department by e-mail (nyushi@yamanashi.ac.jp).

[Exemption from Examination Fee]

- Eligibility : The University of Yamanashi takes special measures to waive entrance examination fees for persons affected by the following disasters.

The Great East Japan Earthquake, Kumamoto Earthquake in 2016, heavy rains in July 2018, Hokkaido Eastern Iburi Earthquake in 2018, Typhoons No.15 (Faxai) and No.19 (Hagibis) in 2019, and disasters that occurred on or after April 2020

- Required documents : Please check the university's website (<https://www.yamanashi.ac.jp/examination/3787>).
- Application period : Starts one month before the application period opens (Note that applications must be received before the start of the application period.).

(4) Application documents

- The application documents include documents to be prepared by the applicant and documents to be printed from the online application site.
- **Please submit originals, except for those documents for which a photocopy is acceptable (excluding applicants residing overseas).** If you cannot submit original documents (for example, if the school that you have graduated from issues a certificate of graduation or an academic transcript only once at the time you graduate (completed a course of study) and does not issue them after this time), please contact the Admission Division, Academic Affairs Support Department before the start of the application period.
- **Certificates and other documents in languages other than English should be accompanied by a Japanese or English translation.**
- Applicants who have been screened for eligibility do not need to resubmit the same documents presented for that screening.

NO.	Application document	Description
1	Certificate of Graduation (Expected Graduation) *Not required for applicants who have graduated from the University of Yamanashi	<ul style="list-style-type: none"> • Please submit a certificate prepared by the president or similar authority of your graduating university, or equivalent. • Applicants seeking admission under the conditions specified in item (2) under 2. Qualification for Applicants on page 23 of these guidelines: <u>Applicants who have been awarded a bachelor's degree</u> should submit the certificate of the degree (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education). <u>Applicants who expect to be awarded a bachelor's degree</u> should submit a certificate stating intent to apply for a degree (issued by the dean of the school where the applicant is currently enrolled), or a certificate stating that the application for a degree has been accepted (issued by the National Institute for Academic Degrees and Quality Enhancement of Higher Education).
2	Academic Transcript	Please submit a transcript issued by the president or similar authority of your graduating university. Students who are enrolled in or have completed a special course of study at a technical college should submit a transcript from the course of study in their major.
3	Personal Resume	Please print and submit a "Personal Resume" from the application documents print page on "My Page" on the online application site.
4	Statement of Purpose *Not required if applying to the Bioscience Course	Please download the "Statement of Purpose (Form 2*)" from the university's website and use a computer to complete the statement.
5	Research Project Plan *Not required if applying to the Bioscience Course	Please download the "Research Project Plan (Form 3*)" from the university's website and use a computer to complete the plan based on the content specified for each course.

6	Resident Record, other *To be submitted by non-Japanese applicants only	<ul style="list-style-type: none"> • Applicants residing in Japan Please submit the resident record (with the status of residence and period of stay clearly indicated) or a double-sided copy of the residence card issued by the head of the municipality where you reside. • Applicants residing overseas Please submit a copy of your passport (page displaying a photo of your face).
7	Extract of family register *Only if applicable	Please submit this document only if the applicant's name is different on each certificate or document as a result of a name change.

* Form 2 and 3 can be downloaded from the university's website (<https://www.yamanashi.ac.jp/admission/45>) before the start of the application period.

(5) Method for submitting application documents

Please submit your application after checking that all documents are in order using the "Application Documents Checklist" (no submission required) on the application documents print page from "My Page" on the online application site.

(a) Applicants residing in Japan

Print out the Envelope Address Label from the application documents print page on "My Page" on the online application site. Attach this label to a commercially available, Kakugata 2-go size envelope (24cm x 33.2cm) and enclose your application documents.

If sending your application by post, please be sure to send it by registered express mail from a post office so that it arrives at the university during the application period.

If you wish to submit your application in person, please bring your documents to the Admission Division, Academic Affairs Support Department **between 9:00 am and 4:30 pm** during the application period (The office is closed between 12:00 (noon) and 1:00 pm on weekdays, and on Saturdays, Sundays and public holidays.)

(b) Applicants residing overseas

Please be sure to send all required documents as electronic files (PDFs) to the Admission Division, Academic Affairs Support Department (email: nyushi@yamanashi.ac.jp) during the application period.

Please note that admitted students will need to submit original documents after enrolling. For details on how to submit these documents, please refer to 10. Submission of Original Application Documents under Common Matters on page 31 of these guidelines.

(6) Address for submission of application documents and inquiries

Admission Division, Academic Affairs Support Department, University of Yamanashi
4-4-37, Takeda, Kofu, Yamanashi, 400-8510 Japan
Tel: 055-220-8046 (from abroad: +81-55-220-8046) Email: nyushi@yamanashi.ac.jp

[Points to note]

(a) **Please thoroughly consult with your preferred academic advisor before applying.**

Please select an academic advisor from the faculty members listed in the "Academic Advisors and Topics of Research for the Master's Course (Life and Environmental Science) of the Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences" on page 33 to 37 of these guidelines.

(b) Applications may not be accepted if the information contained is incomplete (such as information submitted online or in application documents).

(c) After an application is accepted, no changes to the content of the application will be accepted for any reason (except for change of address or other contact information). Application documents will not be returned.

(d) If information contained in the application is found to be false, the applicant's offer of admission may be rescinded even after they have enrolled.

(e) If any points are unclear in the application procedures, please direct inquiries to the Admission Division, Academic Affairs Support Department.

6. Examination Admission Slip

Please print out the Examination Admission Slip from the online application site and bring it with you on the day of the examination.

Notification of Printing : Notification by e-mail after three days after the last day of the Application Period (Except Saturday, Sunday, and public holidays).
Printing period : From the date of receipt of the notification to March 31, 2025.
How to print : Online application site > My Page > Examination Admission Slip (A4 size blank paper, 100% magnification, full color).

- If you are unable to print out the Examination Admission Slip after the above date, please contact the Admission Division, Academic Affairs Support Department.
- The name registered on the online application site will be used for the Examination Admission Slip.
- If you lose your Examination Admission Slip or it becomes stained, please print it out again from the online application site.

7. Selection Method

Please note the following matters regarding the selection method for each course.

- (1) After application documents are received, no changes to the desired course or the selected subjects will be permitted.
- (2) Calculators may be used in written examinations for specialized subjects.
- (3) Please refer to the selection methods for each course for details on the use of dictionaries or reference books.
- (4) For information on allocation of marks, refer to page 29.
- (5) Applicants who arrive 30 minutes or later after the start time of the examination will not be permitted to take the examination.

<Bioscience Course>

Successful applicants will be chosen based on an overall assessment including the results of a written examination, an oral examination, and a screening of their application documents. No dictionaries or reference books are allowed in the written or oral examinations.

(1) Written examination (specialized subjects)

Please select two of the following seven subjects when submitting the application : applied microbiology, biochemistry, organic chemistry, molecular biology/genetic engineering, development engineering, nutrition, exercise physiology · neuroscience.
(Note) For information about the content of questions for each subject, please refer to the "Scope of Questions for the Bioscience Course" on the university's website (<http://www.yamanashi.ac.jp/admission/45>).
If you select biochemistry or biochemical engineering, please bring a scientific calculator with you.

(2) Written examination (foreign language)

Examination subjects will be in English.
However, subjects for foreign applicants (overseas students) shall be in either Japanese or English. Please select your preferred language when submitting the application.
Question contents are related to specialized subjects.

(3) Oral examination (15 minutes)

The applicant will be questioned about specialized subjects, etc.

(4) Screening of application documents

<Food, Enology and Viticulture Course>

Successful applicants will be chosen based on an overall assessment including the results of their oral examination and a screening of their application documents. No dictionaries or reference books are allowed in the written or oral examinations.

(1) Oral examination (Oral presentation : 8 minutes, interview : 7 minutes)

The applicant will be questioned about the content of the oral presentation based on his/her Statement of Purpose and Research Project Plan.
(Note) Please use software (Microsoft PowerPoint, etc.) for the oral presentation.
(Please bring Microsoft PowerPoint files on a USB memory stick or CD. Applicants who use other types of presentation software should bring a laptop computer capable of VGA output.)

(2) Screening of application documents

<Local Environmental Management Course>

Successful applicants will be chosen based on an overall assessment including the results of their oral examination and a screening of their application documents. No dictionaries or reference books are allowed in the written or oral examinations.

(1) Oral examination (Oral presentation : 10 minutes, interview : 10 minutes)

The applicant will be questioned about the content of the oral presentation based on his/her Statement of Purpose and Research Project Plan.

(Note) Please use software (Microsoft PowerPoint, etc.) for the oral presentation.

(Please bring Microsoft PowerPoint files on a USB memory stick or CD. Applicants who use other types of presentation software should bring a laptop computer capable of VGA output.)

(2) Screening of application documents

【Allocation of marks】

Course	Written Examination		Oral Examination	Application Documents	Total
	(Specialized subjects) 200	(Foreign language) 100			
Bioscience Course	(Specialized subjects) 200	(Foreign language) 100	100	Acceptable / Not acceptable	400
Food, Enology and Viticulture Course	/		70	30	100
Local Environmental Management Course	/		90	Acceptable / Not acceptable	90

8. Date, Time and Meeting Place for Examination

(1) Date and time

Examination date: November 30 (Sat), 2024

Course	Time	Format
Bioscience Course	9:30 am -11:30 am	Written examination (specialized subjects and foreign language)
	1:30 pm -	Oral examination
Food, Enology and Viticulture Course	9:30 am -	Oral examination
Local Environmental Management Course	9:30 am -	Oral examination

(2) Meeting place

Please arrive at least 20 minutes before the start time of the examination.

(d) Bioscience Course: Room S1-14, 1F, S1 Bldg., Kofu West Campus, University of Yamanashi

(e) Food, Enology and Viticulture Course: Room S1-22, 2F, S1 Bldg., Kofu West Campus, University of Yamanashi

(f) Local Environmental Management Course: Room S1-318, 3F, S1 Bldg., Kofu West Campus, University of Yamanashi

Common Matters

1. Examination Result Announcement

Date and Time : **December 13 (Fri), 2024** around 4:00 pm

- The examinee numbers of successful applicants will be posted on the university's website (https://www.yamanashi.ac.jp/examination_list).
- The university will not accept inquiries by telephone or other means about the results of the examination.
- The university will send a notification of acceptance to successful applicants on the day that the results are announced.

2. Admission Period

- Applicants may select their preferred date of admission. Please select your preferred date of admission from either April 2025 (first semester) or October 2025 (second semester) when you submit your application online.
- Please note that changes cannot be made to your selected date of admission once the application has been accepted.
- If you have any questions about admission procedures for October (second semester), please direct inquiries to the Admission Division, Academic Affairs Support Department.

3. Admission Procedures

(1) Admission procedure period

Admission Period	Admission Procedure Period
Admission in April 2025	March 7 (Fri) to March 15 (Sat), 2025
Admission in October 2025	September 12 (Fri), 2025

【Points to note】

- (a) Details on enrollment procedures will be notified separately.
- (b) Applicants who fail to complete the admission procedures by the abovementioned deadline will be assumed to have decided against entering this university and your admission will be cancelled.
- (2) Payment for admission
The admission fee is ¥282,000 (tentative).
- This is the estimated fee and is subject to change.
 - Admission fees that have been paid will not be refunded for any reason.

4. Tuition Fees

Tuition fee for the first semester for students enrolling in April 2025 is tentatively set at ¥267,900 (total of ¥535,800 per year).
Tuition fee for the second semester for students enrolling in October 2025 is tentatively set at ¥267,900.

- This is the estimated fee and is subject to change.
- In principle, tuition fee is withdrawn from the student's account. Information about procedures will be made available later.

5. Other Expenses

Other fees such as for Personal Accident Insurance for Students Pursuing Education and Research are required.

6. Extended Credit System

The Master's Course in the Graduate School of Life and Environmental Sciences offers an extended credit system.

This system is designed for students whose hours of study are restricted by employment or other reasons to systematically take and complete the course in a certain period (maximum of four years) beyond the standard course term (two years). The number of required credits is the same as those completed in the standard course term, so the yearly course load required can be dramatically reduced.

For more details on this system, please direct inquiries to the Educational Affairs Group (for graduate school), Faculty of Life and Environmental Sciences Support Division at 055-220-8807 (from abroad: +81-55-220-8807).

The deadline for application to this system is as follows:

- (1) Admission in April (first semester): Last day of February
- (2) Admission in October (second semester): Last day of August

*1 Students can also apply for this system after enrolling.

*2 The period of the extension is determined by the hours of study not yet completed.

7. Entrance Fee Waiver System for Successful Applicants with Outstanding Exam Scores

Entrance fees for the Master's Course in the Graduate School of Life and Environmental Sciences will be waived or halved for successful applicants with top scores on the entrance examination.

8. Handling Personal Information

The university will handle personal information from applicants as follows based on the "Act on the Protection of Personal Information Held by Incorporated Administrative Agencies" and the "Regulations on the Protection of Personal Information of the University of Yamanashi University."

- (1) Personal information obtained during the selection process will be used for the following purposes: (a) selecting applicants (processing and selection of applications), (b) announcing examination results, (c) implementing admission procedures, (d) conducting statistical studies, (e) analyzing application trends and future admission methods, research and analysis on improving university education, and (f) education and events for successful applicants prior to admission. When the results of this research and analysis are published, the data will be processed so that individuals cannot be identified.
- (2) Personal information of enrollees obtained in applications will be used for the following: (a) Academic affairs (student registration, instruction and guidance, etc.), (b) student support (health care, employment support, tuition waivers, scholarship applications, etc.), and (c) collecting tuition.
- (3) Please note that in the execution of the above, some tasks may be outsourced to a contractor that has been contracted by the university to carry out these tasks (hereinafter referred to as "contractor"). In this case, the contractor may be provided with all or part of the personal information we have obtained to the extent that it is required to carry out the contracted work.
- (4) In order to protect personal data and private information, the personal information acquired in the process of selection, whether in the form of documents in which it is contained or in data itself, will be kept strictly confidential and will not be used for any purpose other than those described above. Personal information will not be disclosed to third parties, except as required by law.

9. Infectious Disease Control Measures for Entrance Examinations

If an applicant has contracted and not recovered from an infectious disease (COVID-19, influenza, measles, chicken pox, etc.) on the day of the entrance exam for the university for which a mandatory suspension period has been stipulated by the School Health and Safety Act, the applicant will not be permitted to take the examination due to the risk of infecting other examinees or test proctors.

In the event that an applicant is unable to take the exam, the university will be unable to implement special measures, including allowing the applicant to retake the examination or take the exam in a separate room, and cannot refund the entrance examination fee. Please stay healthy so that you are well-prepared for the day of the examination.

10. Submission of Original Application Documents

Successful applicants who have submitted documents to determine eligibility and application forms as electronic files (PDFs) must submit the original documents after enrollment.

Please note that if information contained in the PDF document data is found to have been falsified or misrepresented, the offer of admission may be revoked.

Documents for submission : Originals of application documents for qualification screening and application

Place of submission : Office of the Educational Affairs Group, Faculty of Life and Environmental Sciences Support Division
between 8:30 am and 5:15 pm (closed 12:00 (noon) -1:00 pm)

Date of submission : Within one week of arriving on campus (strictly enforced)

11. Security Export Control

The University of Yamanashi has established "Security Export Control Regulations" in accordance with the "Foreign Exchange and Foreign Trade Act" and carries out strict screening when accepting international students. If an applicant falls under any of the restrictions described, they may not be able to receive the desired level of education or conduct research.

12. Other

- (1) **Please enter an address, telephone number and email address in the contact information section on the online application site where you can reliably receive inquiries and notifications from the university from the time you apply until the process is complete.**
Please promptly notify the Admission Division, Academic Affairs Support Department if there are any changes to your contact information after you have submitted your application.
- (2) Applicants wishing to obtain a scholarship should direct inquiries to the Student Supporting Division, Academic Affairs Support Department (Tel: 055-220-8053, from abroad: +81-55-220-8053) for information after the examination result announcement.

Online Application User Guide

Applicants must complete "Register the application information", "Pay the entrance examination fee" and "Print out, complete, and submit the application documents" using the online application site during the application period. Please note that we cannot accept the application if any one of these procedures has not been completed by the application deadline.

① Advance Preparation for Online Application

- Computer, smartphone, tablet, other connected to the Internet
- Application for displaying PDF files ("Adobe Acrobat Reader" from Adobe Systems recommended.)
- Printer for printing A4-sized documents

A printer is needed to print out application documents. If you do not have a printer at home, please use a printer at a public facility, such as a school or library, or printing services at convenience stores.

- Accessible email address

Please change your settings to allow you to receive messages from "@yamanashi.ac.jp".

- Application documents
- Kakugata 2-gou size envelope *Not required for overseas applicants.
- Photo Data (Face Photo)

It will be used for identification on the examination.

Please prepare an unprocessed photo except for light and dark.

Please prepare a photograph taken while wearing glasses, if you will be wearing glasses during the examination.

- Photographs taken with a photo machine (that can download photo data) or digital camera, smartphone, tablet.
- The ratio of the face to the entire photo should be about the same as the dotted line in the example above on the top, bottom, left and right.
- The photo must be taken within 3 months prior to the examination date by a single person.
- Full color, front-facing, upper torso, without hat, no background, without frame
- The image ratio is 4:3 (L:W) (over 800 pixels L x 600 pixels W). The file size is no larger than 3 MB.
- The file format is "JPEG". (filename extension is jpg.)

Examples of photo Images

② Register your E-mail address

Please access the Online Application Site (<https://syutugan.yamanashi.ac.jp>) and register your E-mail address by clicking on "New User Registration".

A message will arrive in your inbox immediately after you register, so please proceed to the next step within 30 minutes of receipt using the URL included in the message.

③ Register user information *You can register anytime.

Please register your personal information (name, address, telephone number, date of birth, etc.) following the instructions on the screen.

Please register an address, telephone number, e-mail address where you can receive notices from the University of Yamanashi from the application procedure to the completion of entrance procedures.

Please notify the Admission Division, Academic Affairs Support Department promptly if there are any changes to your contact information.

④ Register application information *Only during application period

Please register the application information following the instructions on the screen.

Online Application Site > My Page > Apply

⑤ Payment of the entrance examination fee

Please proceed payment of the entrance examination fee following the instructions on the screen.

Online Application Site > My Page > Payment

⑥ Submit application documents

After the necessary documents have been made and printed, please submit to admission Division, Academic Affairs Support Department. For details on how to submit, please refer to the application guidelines.

⑦ Acceptance of application

The application process is complete after the application has been accepted.

Please wait for the Notification of printing the examination admission slip. (Notification by e-mail after three days after the last day of the Application Period (Except Saturday, Sunday, and public holidays))

【Contact Information】

Admission Division, Academic Affairs Support Department, University of Yamanashi

**Master's Course (Life and Environmental Science) of the
Integrated Graduate School of Medicine, Engineering, and Agricultural Sciences**

As of **April** November 1, 2024

Course	Major Subjects	Academic Advisors	Main Topics of Research
Bioscience	Advanced Course on Structural Biology	Professor Takuji Oyama	Structural biology of proteins and biomolecular systems
	Advanced Course on Developmental Biology	Professor Satoshi Kishigami	Research on early development of mammals
	Advanced Course on Bioinformatics	Professor Takashi Kohda	Research on the development of mammals, transcriptional control and epigenome control
	Advanced Course on Organ Developmental Engineering	Professor Kentaro Suzuki	Clarification on gene functions required for organ development and hormonal control of sexual differentiation
	Advanced Course on Motion Control and Motion Learning	Professor Hirofumi Sekiguchi	Identification of neurophysiological characters in humans that allow them to perform novel motor skills
	Advanced Course on Reproductive and Developmental Genetics	Professor Go Nagamatsu	Research germ cell development in mammals
	Advanced Course on Metabolism and Nutrition	Professor Kazuki Mochizuki	Clarification on action mechanisms for dietary habits and dietary factors to prevent lifestyle-related diseases
	Advanced Course on Applied Microbiology	Professor Hideki Yamamura	Taxonomy of microorganisms using genome information
	Advanced Course on Reproductive Biotechnology	Professor Teruhiko Wakayama	Research on mammalian reproductive biotechnology
	Advanced Course on Life Science and Technology	Associate Professor Takashi Ishiuchi	Research on molecular mechanisms defining the differentiation and developmental potential of mammalian cells
	Advanced Course on Environmental Microbial Resources	Associate Professor Takashi Ohtsuki	Effective utilization of biomass by using the advanced functions of microorganisms and microbial communities
	Advanced Course on Medical Genetics	Associate Professor Shinya Kasai	Clarification on genetic mechanisms in the pathogenesis of neuropsychiatric disorders
	Advanced Course on Bioorganic Chemistry	Associate Professor Hideyuki Shinmori	Supramolecular chemistry of bio-related substances and development into nanobiotechnology
	Advanced Course on Microbial Breeding	Associate Professor Youji Nakagawa	Research on special environmental adaptation mechanisms and breeding of microorganisms
	Associate Professor Sayaka Wakayama	Mammalian early embryonic development and reprogramming	

	<p>Advanced Course on Chemical Biology</p>	<p>Assistant-Professor</p> <p>Assistant Professor</p> <p>Assistant Professor</p> <p>Assistant Professor</p> <p>Assistant Professor</p> <p>Assistant Professor</p> <p>Assistant Professor</p>	<p>Takashi Kawakami</p> <p>Yoshitsugu Ohnuki</p> <p>Susumu Kokubo</p> <p>Hirosuke Shiura</p> <p>Shiori Ishiyama</p> <p>Daiyu Ito</p>	<p>Development of molecular target drugs using chemical biology</p> <p>Establishment of a stable culture process for the proliferation and differentiation induction of human iPS cells</p> <p>Search for biologically-active substances produced by microorganisms</p> <p>Mammalian-specific genomic functions in mammalian developmental system and evolution</p> <p>Research on pathological conditions in the embryonic environment manipulation of animal models and the inhibitory effects of food factors</p> <p>Research on the practical application of sustained room temperature storage technology for genetic resources</p>
--	---	---	---	---

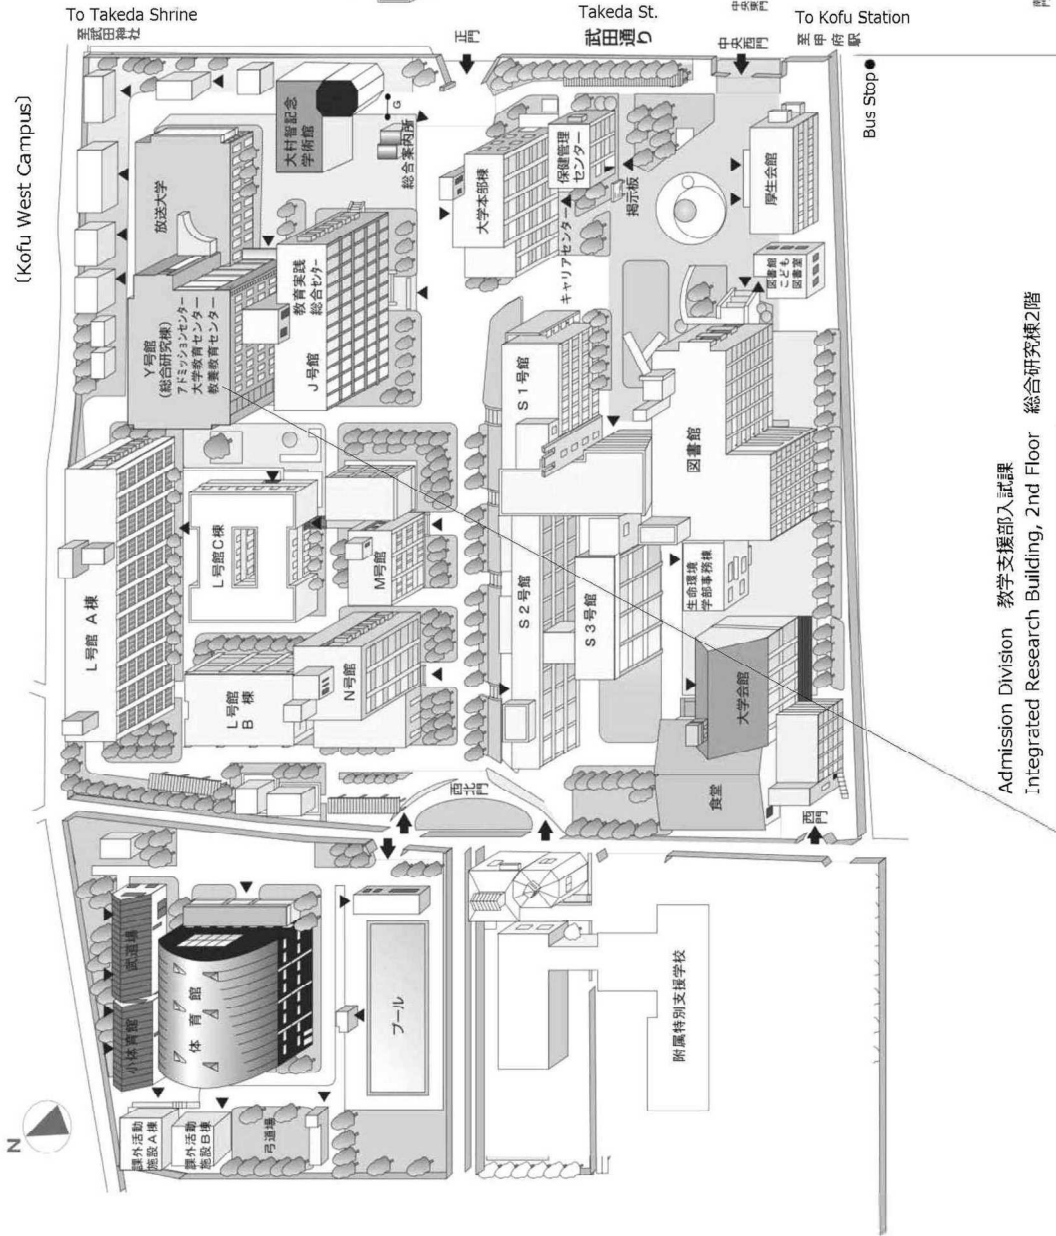

Course	Major Subjects	Academic Advisors	Main Topics of Research
Food, Enology and Viticulture	Advanced Course on Fermented Food	Professor Fujitoshi Yanagida	Research on fermentable microorganisms and fermented foods
	Advanced Course on Viticulture	Professor Shunji Suzuki	Physiology and pathology of grapevines for wine production
	Advanced Course on Enology	Professor Misa Otoguro	Diversification of wine-producing microorganisms and brewing characteristics
	Advanced Course on Wine Evaluation	Associate Professor Munekazu Kishimoto	Research on classifications and utilization of wine-producing microorganisms
		Associate Professor Masashi Hisamoto	Research on polyphenols in grapes and wine
		Assistant Professor Fumie Saito	Research on the composition and organoleptic properties of wine
		Assistant Professor Shinichi Enoki	Physiological study on the quality of grapes used for producing wine
		Assistant Professor Aoki Yoshinao	Research on selective breeding and pathology of disease-resistant stock for viticulture

Course	Major Subjects	Academic Advisors		Main Topics of Research
Regional Environment Management	Advanced Course on Numerical Computing	Professor	Kazuho Ito	Numerical analysis of partial differential equations and its application to global environmental issues
	Advanced Course on Corporate Activities and Law	Professor	Kazuya Inada	Research on contract law in B2B transaction
	Advanced Course on Biosphere Environmental Dynamic Analysis	Professor	Tomoya Iwata	Food web and bio-element cycles in aquatic ecosystems
	Advanced Course on Environmental Physics	Professor	Hiroyuki Shima	Clarification of emerging mechanisms portrayed by the natural environment, society, food and physical exercise
	Advanced Course on Tourism Management	Professor	Atsushi Tanaka	Research on the development and utilization of human resources for tourism
	Advanced Course on Biological Environmental Adaptation	Professor	Noboru Muramatsu	Analysis of the effects of the environment on biological production areas
	Advanced Course on Atmosphere-Hydrosphere Environmental Dynamic Analysis	Professor	Kiyoshi Matsumoto	Understanding the dynamics of trace elements in the air and its impact on the global environment
	Advanced Course on Law	Professor	Jin Ishizuka	Comparative study of constitutional law on freedom of speech and democracy
	Advanced Natural Products Chemistry	Professor	Hisatoyo Morinaga	Research on organic chemistry
	Advanced Course on the Development of Microbial Functions in Soil	Associate Professor	Ryota Kataoka	Research on the impact of changes in the soil environment from farming on soil microorganisms
	Advanced Course on Tourism Resource Management	Associate Professor	Keiji Kadono	Sustainable development of communities and public policy/administrative and financial systems
	Advanced Course on Legal Systems	Associate Professor	Yoshito Kikuchi	Research on cultural and tourism policies and regional resource management
	Advanced Course on Environmental Politics	Associate Professor	Susumu Kitagawa	Research on the history of environmental policies
	Advance Course on Atmosphere-Hydrosphere Environmental Dynamic Analysis	Associate Professor	Kiseong Kim	Concept of a sustainable society and issues with political processes
	Advanced Course on International Relations	Associate Professor	Hiroschi Kobayashi	Development of measuring equipment for observation of the atmospheric and marine environments using light
	Seminar on Business Administration	Associate Professor	Shiro Komatsu	Research on collaboration and conflict among major powers around humanitarian interventions
Advanced Course on Energy Management	Associate Professor	Hiroyuki Sasaki	Analysis of corporate behavior and antecedent factors	

Advanced Course on Biological Production and Environment	Associate Professor	Yoichi Shimazaki	Research on the introduction of smart communities
Advanced Course on Microbial Ecology	Associate Professor	Yasuhiro Tanaka	Development of unknown microbial resources and use in environmental conservation and purification technological developments
Advanced Course on Data Science	Associate Professor	Hiroshi Hirai	Research on city development and health of the local community
Advanced Course on Legal Systems	Associate Professor	Masafumi Fujihara	Research on regional development policies and administrative reform
Advanced Course on Biological Environmental Adaptation	Associate Professor	Takeo Miki	Molecular biological function analysis on mechanisms for environmental adaptation of microorganisms
Advanced Course on Mathematical Optimization	Associate Professor	Masashi Miyagawa	Urban infrastructure plans
Advanced Course on Marine Botany	Associate Professor	Yoshiyuki Kinose	Effects of air pollution and climate change on plant life
Business Management	Associate Professor	Yukihiko Serisawa	Research on plants, environments and biodiversity in lakes, rivers, rice paddy fields and orchards
	Associate Professor	Tomoki Inoue	Life insurance market perceptions: Factors influencing insurance premiums and coverage
Advanced Course on Administrative Law	Associate Professor	Yuko Gotou	Chemical dynamics and effects in soil ecosystems
	Assistant Professor	Mana Mukai	Clarification on the interaction of soil-vegetation systems in forest ecosystems
	Assistant Professor	Naoyuki Wako	Research on basic principles in environmental administrative law
